

TITLE AND CONTACT FORMATION

Director: West Virginia University Institute of Water Security and Science
Assistant Director WV Agricultural and Forestry Experiment Station
Professor: Physical Hydrology, Water Quality
West Virginia University, Davis College Schools of Agriculture, Food, and Natural Resources
3109 Agricultural Sciences Building Morgantown, WV 26506-6108
Phone: (304) 293-2472
Fax: (304) 293-2960
Cell: (573) 239-9630
Email: Jason.Hubbart@mail.wvu.edu
Faculty Website: <https://www.davis.wvu.edu/faculty-staff/directory/jason-hubbart>
Institute Website: <http://iwss.wvu.edu>
ResearchGate Profile: https://www.researchgate.net/profile/Jason_Hubbart2

EDUCATION

Degree: Ph.D., 2007, Natural Resources: Physical Hydrology, Watershed Management, and Environmental Biophysics
Institution: The University of Idaho, Moscow, Idaho, USA
Dissertation: Measuring and Modeling Hydrologic Response to Timber Harvest in a Continental/Maritime Mountainous Environment
Advisor: Dr. Timothy E. Link

Degree: M.S., 2002, Biology: Forest Ecology and Mammalogy
Institution: California State University Fresno, Fresno, California, USA
Thesis: Chemical Composition of the Hair of the California Ground Squirrel (*Spermophilus beecheyi*) as an Indicator of Heavy Metals and Environmental Stress
Advisor: Dr. David L. Chesemore

Degree: B.S., 2000, Ecology
Institution: California State University Fresno, Fresno, California, USA
Advisor: Dr. David E. Grubbs

PROFESSIONAL EXPERIENCE (Duties in Brief for Major Admin Roles at WVU, details follow, and/or attached)

01/2016 – Present Appointment: 70% Administrative, 30% Teaching/Research. West Virginia University Institute of Water Security and Science (IWSS, IWSS.WVU.edu), West Virginia University, Morgantown, West Virginia, USA.

Note: IWSS productivity report(s) separate from this CV. If not included as attachment, available upon request.

- Serve as inaugural Director of Cross-Campus Water Institute, currently comprising over 80 active collaborators (five WVU Colleges), and over 120 affiliates (multiple institutions, Fed and State agencies). Current annual budget surpassing \$3.5M/yr.
- Build collaborative, multidisciplinary teams to address current and emerging questions and issues related to water quantity, quality, and security, at a variety of scales and across the range of natural and social sciences.

- Develop watershed scale programs (outdoor laboratories) to facilitate multi- and interdisciplinary research.
 - Serve as statewide multi-institutional technical and administrative lead for current Established Program to Stimulate Competitive Research (EPSCoR), Appalachian Freshwater Initiative (\$10M).
 - Develop and facilitate cross WVU campus and cross-state Water focused conferences, symposia and workshops to advance water related issues at WVU and in WV.
- 01/2016 – Present Appointment: 30% Teaching and Research. Professor of Physical Hydrology and Water Quality, Schools of Agriculture and Food, and Natural Resources, Davis College of Agriculture, Natural Resources and Design (DCANRD), West Virginia University, Morgantown, West Virginia, USA.
- 01/2016 – Present Assistant Director: West Virginia Agricultural and Forestry Experiment Station, West Virginia, USA.
- Assist with coordination of Federal Hatch funds for advancement of land-grant college mission.
 - Work with Division Directors and faculty to target and design funding initiatives.
 - Design workshops to advance research opportunities and successful funding for faculty of Davis College of Agriculture, Natural Resources and Design.
 - Provide information pertaining to specific funding streams for faculty, and provide learning sessions to familiarize and facilitate faculty with external funding opportunities.
 - Provide administrative pre-award assistance (organizing, submitting, and tracking) to reduce time investment and improve external grant success.
- 01/2017 – Present Executive Board Member: Chesapeake Bay Program, Science and Technical Advisory Committee.
- 01/2016 – Present Gubernatorial Appointee Serving as WV State Liaison to the Chesapeake Bay Program, Science and Technical Advisory Committee.
- 01/2016 – Present Adjunct Associate Professor of Forest Hydrology, Department of Forestry, School of Natural Resources, University of Missouri, Columbia, Missouri, USA.
- 11/2008 – Present Adjunct Professor, Department of Agriculture and Environmental Sciences, Lincoln University, Jefferson City, Missouri, USA.
- 08/2017 – 04/2019 Appointment: 100% Administration. Associate Dean for Research, Davis College of Agriculture, Natural Resources and Design, West Virginia University, Morgantown, West Virginia, USA.
- Primary research point of contact for the 130 faculty and administrators (teaching/research) in the Davis College of Agriculture, Natural Resources and Design (DCANRD).
 - Responsible for review and approval of formula funded projects (Hatch and McIntire-Stennis).
 - Assign/approve WVU faculty to the “Appendix E” for projects in the NIMSS system.
 - Serve as primary approver for competitive project proposals from the DCANRD.
 - Write and submit annual National Institute of Food and Agriculture Hatch and McIntire Stennis formula funding reports each year. Includes the Experiment Station Plan of Work, and Station Accomplishments report, Animal Use and Care report (including all programs).

- Serve as primary point of contact to the West Virginia University Research Corporation for the DCANRD.
 - Conduct annual faculty and staff evaluations for research productivity in the College and for staff that answer to the Associate Dean of Research.
 - Develop Faculty startup schedule. This includes (but is not limited to) Hatch salary, Hatch funding of summer salary, assistantship(s), etc., in close coordination with the Provosts office.
 - Develop College Research web-site.
- 08/2017 – 04/2019 Associate Director: West Virginia Agricultural and Forestry Experiment Station, West Virginia, USA.
- Served as point of contact for Federal funding agencies
 - Served as member of the Northeast Region of the APLU. Attended quarterly meetings.
 - Provided primary approval and directed process for new, renewing, or terminated Hatch projects in the DCANRD.
 - Served other similar roles as current Assistant Director role (above).
- 08/2017 – 04/2019 Associate Director of International Programs, Davis College of Agriculture, Natural Resources and Design, West Virginia University, Morgantown, West Virginia, USA.
- 07/2013 – 09/2015 Superintendent: Baskett Wildlife, Research and Education Center. College of Agriculture, Food and Natural Resources, University of Missouri, Columbia, Missouri, USA.
- 06/2013 – 12/2015 Director: Center for Watershed Management and Water Quality. College of Agriculture, Food and Natural Resources, University of Missouri, Columbia, Missouri, USA.
- 06/2013 – 12/2015 Associate Professor of Forest Hydrology, Department of Forestry, School of Natural Resources, University of Missouri, Columbia, Missouri, USA.
- 05/2013 – 12/2015 Director of Graduate Studies. School of Natural Resources, Water Resources Graduate Degree Emphasis Area, University of Missouri, Columbia, Missouri, USA.
- 08/2007 – 06/2013 Assistant Professor of Forest Hydrology, Department of Forestry, School of Natural Resources, University of Missouri, Columbia, Missouri, USA.
- 06/2003 – 7/2007 Ph.D. Student - Candidate, Department of Forest Resources, College of Natural Resources, University of Idaho, Moscow, Idaho, USA.
- 07/2002 – 5/2003 Adjunct Professor of Biology, College of Science and Mathematics, Fresno City College, Fresno, California, USA.
- 05/2001 – 5/2003 Fish and Wildlife Scientist, United States Department of Agriculture, California Department of Fish and Game, San Joaquin Timberlands Division.
- 08/2000 – 8/2002 M.S. Student, Department of Biology, California State University Fresno, Fresno, California, USA.
- 08/1997 – 8/2000 B.S. Student, Department of Biology, California State University Fresno, Fresno, California, USA.

PROFESSIONAL DEVELOPMENT

- 1) **Academic Leadership Academy:** Penn State College of Education, Center for the Study of Higher Education, 2019 Participate Cohort, June, 2019 – May, 2020, The Penn State University, Pennsylvania, PA, USA.

- 2) Productive Performance Conversations Workshop. September 5th, 2019. West Virginia University Leadership & Organization Development. WVU Division of Talent and Culture, West Virginia University, USA.
- 3) Ethics Training: West Virginia State Purchasing Card Certification Training by the West Virginia State Auditor's Office, Purchasing Card Division, 10/15/2019.
- 4) Card Holder Training: West Virginia State Purchasing Card Certification Training by the West Virginia State Auditor's Office, Purchasing Card Division, 10/15/2019.
- 5) **LEAD21**: Leadership for the 21st Century, Class 14, June 2018 - February 2019. Specialized program providing leadership and professional development training for faculty and professionals within the land-grant system. Administered through the Office of Learning & Organizational Development, College of Agriculture & Environmental Sciences, University of Georgia, USA.
- 6) Building Trust While Motivating Your Team, October 10th, 2018. West Virginia University Leadership & Organization Development. WVU Division of Talent and Culture, West Virginia University, USA.
- 7) Income Opportunities on Reclaimed Mine Lands in Central Appalachia. January 29, 2018. Training session hosted by the West Virginia Coal Association. Charleston, West Virginia, Civic Center.
- 8) Ethics Training: West Virginia State Purchasing Card Certification Training by the West Virginia State Auditor's Office, Purchasing Card Division, 12/2/2017.
- 9) Card Holder Training: West Virginia State Purchasing Card Certification Training by the West Virginia State Auditor's Office, Purchasing Card Division, 12/2/2017.
- 10) West Virginia University, Teaching and Learning Commons, Faculty Evaluation, Promotion and Tenure Session: Evansdale Campus., 8-30-2017.
- 11) West Virginia University, Information Technology Services, eCampus 101 Training 8-28-2017.
- 12) West Virginia University, Environmental Health and Safety Hazard Communication Training 8-9-2017.
- 13) West Virginia University, Environmental Health and Safety Hazardous Waste Training 8-9-2017.
- 14) West Virginia University, Environmental Health and Safety Training 8-9-2017.
- 15) Performance Management: Supervisor Training. West Virginia University, Davis College, Evansdale Campus, July 25, 2017.
- 16) Leadership & Organization Development: Peer to Supervisor Workshop, West Virginia University, Rhododendron Room, Mountainlair, April 25, 2017.
- 17) Building a Foundation: Discrimination Prevention & Title IX Training. University of Missouri System, 321 University Hall, Columbia, Missouri, February 16, 2017.
- 18) West Virginia University Advance Advocates Equity and Diversity Luncheon: WVU Erickson Alumni Center Ruby Grand Hall, February 23rd, 2016.
- 19) West Virginia State Auditor's Office Purchasing Card and Purchasing Ethics Training, January 5th, 2016.
- 20) University of Missouri, National Science Foundation, EpSCOR "all hands" meeting, February 27th, 2015.
- 21) University of Missouri, Online training courses: Harassment: What It Is and How to Stop It. December 10, 2014. Supported by MU Human Resources.
- 22) University of Missouri, Online training courses: Harassment: Mandated Reporter Training. December 10, 2014. Supported by MU Human Resources.
- 23) University of Missouri, Online Information Security Training Modules; 1) You are the target, 2) Social Engineering, 3) Email and Instant Messaging, and Mobile Devices. August 12, 2014. Supported by MU Campus Information Security.
- 24) College of Agriculture, Food and Natural Resources (CAFNR). Obtained funding and organized three Center for Watershed Management and Water Quality meetings in 2014 (3-28, 4-24, 9-16). Supported financially by Mizzou Advantage and CAFNR.

- 25) Water and Society Group. University of Missouri campus organization to improve scientific conveyance to the general public, 2013, 2014.
- 26) Civility, You, and Mizzou. Online Learning Module. Certified module completion, June 17, 2013 by the Chancellor's Diversity Initiative and Show Me Respect Campaign, University of Missouri.
- 27) Celebration of Teaching, University of Missouri Annual Conference on Teaching, May 2013.
- 28) The World Awaits: Fulbright Opportunities for MU Faculty. Tuesday, April 23, 2013. Application process training.
- 29) 2013 – Fellow: College of Agriculture, Food and Natural Resources (CAFNR) Communications Fellowship Program.
- 30) Celebration of Teaching, University of Missouri Annual Conference on Teaching, May 2012.
- 31) Celebration of Teaching, University of Missouri Annual Conference on Teaching, May 15-16th, 2011.
- 32) College of Agriculture, Food and Natural Resources (CAFNR) Promotion and Tenure Workshop, May 8, 2012. Christopher S. Bond Life Sciences Center, University of Missouri.
- 33) University of Missouri, Celebration of Teaching. Preconference workshop: eLearning Compass: The present and future of eLearning at Mizzou, May 15, 2012.
- 34) People Soft Training. College of Agriculture Food and Natural Resources, Time and Labor training using Oracle, Approvers training, August 5, 2011.
- 35) People Soft Training. College of Agriculture Food and Natural Resources, Time and Labor training using Oracle, Travelers training, August 1, 2011.
- 36) FERPA: Your Friend or Foe. FERPA training in the College of Agriculture Food and Natural Resources (CAFNR), June 3, 2011.
- 37) Preconference Workshop – Creativity in the Classroom, Celebration of Teaching Excellence, University of Missouri, Reynolds Alumni Center & Cornell Hall, May 17th, 2011.
- 38) Celebration of Teaching Excellence, University of Missouri, Reynolds Alumni Center & Cornell Hall May 17-18th, 2011.
- 39) College of Agriculture, Food and Natural Resources (CAFNR) Promotion and Tenure Workshop, May 16, 2011. Anheuser Busch Natural Resources Building.
- 40) Promotion & Tenure Workshops, Sponsored by the Office of the Provost, University of Missouri, Jesse Wrench Auditorium, May 4th, 2011.
- 41) Geosyntec Consultants, Stormwater Management Workshop and Roundtable. September 20, 2010. Principles of effective stormwater management and planning, Columbia, MO.
- 42) 2010 Educational Technologies at Missouri, Technology Conference. April 13-14, 2010. Columbia, MO.
- 43) University of Missouri, Campus Writing Program. April 2010. Lunch with the veterans, an opportunity to meet and train with veteran Writing Intensive faculty, for those attending workshops in 2009 and 2010. University of Missouri, Columbia, MO.
- 44) University of Missouri Environmental Health and Safety, Chemical Management for Working with Chemicals. January 25, 2010, Columbia, MO.
- 45) Mizzou Advance Partnerships for Adaptation, Implementation, and Dissemination: Gender Equity in STEM (Science, Technology, Engineering, Math) at the University of Missouri, Columbia. October 27, 2009. A Knock at the Door, An Interactive Theatre Project Funded by NSF Advance, Training for current and future CAFNR Search Committee Members.
- 46) Mizzou Advance Partnerships for Adaptation, Implementation, and Dissemination: Gender Equity in STEM at the University of Missouri, Columbia. March 3, 2009.
- 47) CAFNR Teaching Symposium, January 15, 2009. University of Missouri, Columbia, MO.
- 48) New Faculty Teaching Scholars Program (NFTS). 2008-2009. University of Missouri program dedicated to promoting the success of new faculty. University of Missouri, Columbia, MO.
- 49) Campus Writing Programs 45th Faculty Workshop. August 19-20, 2008. Sponsored by the University of Missouri, Campus Writing Program. University of Missouri, Columbia, MO.

- 50) Grantsmanship Workshop. February 19, 2008. Grant Proposal Peer Review, University of Missouri new faculty training series in grantmanship. University of Missouri, Columbia, MO.
- 51) Grantsmanship Workshop. March 4, 2008. Preparing an NSF Early Career Grant. University of Missouri new faculty training series in grantmanship. University of Missouri, Columbia, MO.
- 52) Grantsmanship Workshop. February 19, 2008. Proposal Processing and Grant Related Resources, University of Missouri new faculty training series in grantmanship. University of Missouri, Columbia, MO.
- 53) College of Agriculture Food and Natural Resources (CAFNR) Teaching Excellence Fall Workshop. August 7, 2007. Reynolds Alumni Center, University of Missouri, Columbia Missouri, MO.

HONORS AND AWARDS

- 2019 WVU Faculty Fellow, Pennsylvania State College of Education, Center for the Study of Higher Education, Academic Leadership Academy, 2019 Cohort, Graduation Spring 2020.
- 2019 LEAD21 Fellow: Leadership for the 21st Century, Class 14, June 2018 - February 2019. Specialized program providing leadership and professional development training for faculty and professionals within the land-grant system. Administered through the Office of Learning & Organizational Development, College of Agriculture & Environmental Sciences, University of Georgia, USA.
- 2018 Faculty Research Award: Most Productive in Research, Davis College of Agriculture, Natural Resources and Design, West Virginia University, April 1, 2018.
- 2018 Faculty Research Award: Most Productive in Research, Division of Plant and Soil Sciences, Davis College of Agriculture, Natural Resources and Design, West Virginia University, April 1, 2018.
- 2016 Appointed by West Virginia Governor Earl Ray Tomblin as the State of West Virginia representative to the Chesapeake Bay Program Science and Technical Advisory Committee (STAC).
- 2015 Invited Opponent for Ph.D. Dissertation defense at the Swedish University of Agricultural Sciences, Umeå, Department of Forest Ecology and Management. May 29th, 2015.
- 2015 Collaborator of the month award. College of Agriculture, Food and Natural Resources, University of Missouri. April 15th, 2015.
- 2015 MU Top Faculty Achievers Award by Chancellor R. Bowen Loftin, Tuesday March 3, 2015. By nomination.
- 2013 CAFNR Communications Fellow. A selective and comprehensive training program to communicate science effectively to differing audiences and advocate for CAFNR program areas.
- 2013 CAFNR International Programs. \$750 Honorarium for mentoring visiting scientists from Malawi, Africa during the fall 2013 Semester.
- 2013 2013 Missouri Chapter of the American Fisheries Society (MOAFS) Best Aquatic Student Poster Presentation, for Advisee: Sean Zeiger, for presentation at the 2013 Missouri Natural Resources Conference.
- 2012 2012 Outstanding Graduate Student Award, for Advisee: Pennan Chinnasamy (Ph.D. student), University of Missouri.
- 2011 Recognized for “who will be remembered in 100 years”. College of Agriculture, Food and Natural Resources, Collaborating for the Greater Good Celebration.
- 2011 Wakonse Fellow. Wakonse Conference on College Teaching, Camp Miniwanca, Lake Michigan.
- 2011 2010 Outstanding Paper Award. For advisee Edward Bulliner and his paper entitled, “Measuring and modeling stream temperature in a forested Ozark border stream: An energy balance approach. Summer 2011. American Geophysical Union.
- 2011 2011 Outstanding Graduate Student Award, for Advisee: Dandan Huang (M.S. student), University of Missouri.

- 2006 Awarded the first University of Idaho Doctoral Research Fellowship, 2006-2007, \$25,000.
- 2006 Awarded the Elva Anderson Snow Scholarship Award for academic achievement and leadership in snow hydrology research.
- 2005 Recognized for Exemplary Contributions as an Educator by California State University Fresno, and the Benjamin and Marion Kremen School of Education and Human Development.
- 2005 Graduate Research Excellence Award. Presented by the University of Idaho Graduate Student Association, and the Department of Forest Resources.

INTERNATIONAL ENGAGEMENT

- 10/2019 – Present West Virginia University, Institute of Water Security and Science and Davis College of Agriculture, Natural Resources and Design. Director: non-governmental organization (NGO) to the Barbuda Agricultural Working Group, Island of Barbuda. The Caribbean nation of Antigua and Barbuda.
- 04/2019 – Present West Virginia University, Institute of Water Security and Science and Davis College of Agriculture, Natural Resources and Design, Ambassador to Direct Assessment of Water Resources for the Island of Barbuda. The Caribbean nation of Antigua and Barbuda.
- 01/2018 – Present Belgorod State University Scientific Bulletin, Natural Sciences. Editorial Board Member. Belgorod, Russia.
- 06/2015 – Present Collaborator: Swedish Agricultural University, Umea' Sweden.
- 11/2011 – Present Collaborating Scientist, Belgorod State University, Belgorod, Russia.
- 08/2015 – 12/2016 Collaborating Scientist and Course Writer, the World Bank, Moscow State University, Russia.
- 06/2015 – 06/2015 Visiting Scholar/Scientist, China Agricultural University, Beijing, China.
- 12/2012 – 06/2015 Collaborating Scientist, Max Planck Institute of Biogeochemistry, Jena, Germany.
- 12/2012 – 06/2015 Collaborating Scientist, Friedrich Schiller University, Jena, Germany.

TEACHING EXPERIENCE

- 2019 – Present Instructor, Environmental, Soil, and Water Sciences 693 – Physical Hydrology, Division of Plant and Soil Sciences, West Virginia University.
- 2018 – Present Instructor, Environmental, Soil, and Water Sciences 693 – Ecohydrology: Contemporary Topics, Division of Plant and Soil Sciences, West Virginia University.
- 2017 – Present Instructor, Environmental, Soil, and Water Sciences 325 – Principles of Water Resources, Division of Plant and Soil Sciences, West Virginia University. Online.
- 2017 – Present Instructor, Environmental, Soil, and Water Sciences 525 – Principles of Water Resources, Division of Plant and Soil Sciences, West Virginia University. Online.
- Spring 2019 Guest Lecture, Forest Ecology. Forest Ecology Laboratory FMAN 212. February, 2019. The hydrologic cycle and changing climate: Implications for the Eastern Deciduous Forest.
- Spring 2018 Guest lecture, Agronomy 202 Principles of Soil Science, February 19th – March 2nd. Soil Water: Infiltration, water holding capacity, content/potential, plant uptake, vadose zone, groundwater
- 2014 – 2015 Instructor, Natural Resources 9490 – Ecohydrology: Contemporary Topics, School of Natural Resources, University of Missouri.
- 2011 – 2015 Instructor, Natural Resources 3290 – Hydrologic Measurement Techniques, School of Natural Resources, University of Missouri.
- 2011 – 2015 Instructor, Natural Resources 8290 – Hydrologic Measurement and Synthesis, School of Natural Resources, University of Missouri.
- 2010 – 2015 Instructor, Forestry 4390/7390 (Online Courses) – Watershed Management and Water Quality, Department of Forestry, University of Missouri.

- 2009 – 2015 Instructor, Atmospheric Sciences 4520/7520 – Environmental Biophysics, Department of Soil, Environmental and Atmospheric Sciences, University of Missouri.
- 2008 – 2015 Instructor, Forestry 2540 – Forest Hydrology Field Studies, Department of Forestry, University of Missouri.
- 2008 – 2009 Instructor, Forestry 9087 – Graduate Seminar, Department of Forestry, University of Missouri.
- 2008 – 2015 Instructor, Forestry 8390 – Physical Hydrology, Department of Forestry, University of Missouri.
- 2007 – 2015 Instructor, Forestry 4390/7390 – Watershed Management and Water Quality, Department of Forestry, University of Missouri.
- 2005 – 2006 Instructor, Forestry 462 – Watershed Management, University of Idaho.
- 2002 – 2003 Instructor, Biology 1 – Principles of Biology, Biology 4 – Principles of Zoology, Biology 22 – Human Physiology, Fresno City College.
- 2000 – 2002 Graduate Teaching Assistant, Biological Science 130 – General Ecology, California State University Fresno.

PUBLISHED CONFERENCE PROCEEDINGS

- 3) Kutta, E., **J.A. Hubbart**, and E. Kellner. 2019. Climate Change in West Virginia and Implications for Appalachian Food Deserts. In: Proceedings of the Sixth Interagency Conference on Research in the Watersheds. Working Watersheds and Coastal Systems: Research and Management for a Changing Future. July 23 – 26, 2018, Shepherdstown, WV. (Oral)
- 4) **Hubbart, J.A.**, and E. Kellner. 2019. The Experimental Watershed Study Approach to Monitoring and managing Contemporary Mixed-Land-Use Watersheds. In: Proceedings of the Sixth Interagency Conference on Research in the Watersheds. Working Watersheds and Coastal Systems: Research and Management for a Changing Future. July 23 – 26, 2018, Shepherdstown, WV. (Oral)
- 5) Kellner, E., **J.A. Hubbart**, K. Stephan, E. Morrissey, Z. Freedman, E. Kutta, and C. Kelly. 2019. Characterization of Sub-Watershed-Scale Stream Chemistry Regimes in an Appalachian Mixed-Land-Use Watershed. In: Proceedings of the Sixth Interagency Conference on Research in the Watersheds. Working Watersheds and Coastal Systems: Research and Management for a Changing Future. July 23 – 26, 2018, Shepherdstown, WV. (Oral)
- 6) Petersen, F., **J.A. Hubbart**, K. E. Kellner, and E. Kutta. 2019. Land-Use-Mediated *Escherichia Coli* Regimes in an Appalachian Watershed. In: Proceedings of the Sixth Interagency Conference on Research in the Watersheds. Working Watersheds and Coastal Systems: Research and Management for a Changing Future. July 23 – 26, 2018, Shepherdstown, WV. (Poster)
- 7) **Hubbart, J.A.** 2019. Chair: Water Quality Research in the Appalachia Region. In: Proceedings of the Sixth Interagency Conference on Research in the Watersheds. Working Watersheds and Coastal Systems: Research and Management for a Changing Future. July 23 – 26, 2018, Shepherdstown, WV. (Oral)
- 8) **Hubbart, J.A.** 2016. The New WVU Institute of Water Security and Science: Purposes and Directions. 2016 West Virginia Mine Drainage Task Force Symposium. March 29-30, 2016. Morgantown, West Virginia. (Oral)
- 9) Lupo, A.R*., I.I. Mokhov, Y.G. Chendev, M.G. Lebedeva, and **J.A. Hubbart**. 2012. Forecasting Summer Season Drought in Western Russia. American Meteorological Society, 25th Conference on Weather Analysis and Forecasting, 21st Conference on Numerical Weather Prediction, and 46th Canadian Meteorological and Oceanographical Society (CMOS) Congress 2012, 29 May–1 June 2012, Montreal, Quebec, Canada. (Oral)
- 10) Stephan, K*., and **J.A. Hubbart**. 2012. Vegetation Structure and Soil Water Content after 60 years of Repeated Prescribed Burning in the Missouri Ozarks. Proceedings of the 4th Fire in Eastern Oaks Conference. U.S. Forest Service, GTR-NRS-P-102. (Oral)

PRESENTATIONS AND SEMINARS

Session Convener, Moderator

- 1) **Hubbart, J.A.** January 23-24, 2020. Session Convener: Artificial Drainage Effects on Saturated Flow: State of the Science - Current paradigms and research needs. Chesapeake Bay Scientific Advisory Committee, Workshop, Linking Soil and Watershed Health to In-field and Edge-of-Field Water Management, Morgantown, WV, USA.
- 2) **Hubbart, J.A.** June 13, 2019. Session Convener: Land Management. Chesapeake Bay Scientific Advisory Committee, Workshop, Assessing the Environmental in Outcome Units (AEIOU), Annapolis, MD, USA.
- 3) **Hubbart, J.A.** June 24-25, 2018. Conference Organizer: 2018 UCOWR/NIWR Annual Water Resources Conference, Pittsburgh, PA, USA.

- 4) **Hubbart, J.A.** July 23, 2018. Session Convener. Water Quality Research in the Appalachia Region. Sixth Interagency Conference on Research in the Watersheds, July 23rd, 2018, Shepherdstown, WV, USA.
- 5) **Hubbart, J.A.** Conference Organizer, Convener, Moderator. Advances in Water Resource Science and Management in West Virginia, and the Northeastern US. Institute of Water Security and Science 2018 Conference, February 20 – 21, 2018, Morgantown, WV, USA.
- 6) **Hubbart, J.A.** June 15, 2017. The Appalachian Freshwater Initiative (AFI): Overview and Progress. National Science Foundation EPSCoR, Annual All-Hands-Meeting, West Virginia University, Erickson Alumni Center, Morgantown, West Virginia, USA.
- 7) **Hubbart, J.A.** April 9th, 2017. Session Convener. Imaging and Modeling 1. 2017 Task Force, ASMR, ARRI meeting. Morgantown, West Virginia.
- 8) **Hubbart, J.A.** February 28, 2017. Symposium Organizer and Convener. The Annual Symposium of the Institute of Water Security and Science. Morgantown, West Virginia.
- 9) **Hubbart, J.A.** February 28, 2017. Bi-Annual meeting of the Appalachian Freshwater Initiative (NSF EPSCoR). Davis College of Agriculture, Natural Resources and Design, Morgantown, West Virginia.
- 10) **Hubbart, J.A.** December 12th, 2016. Session Chair. H11F: New Frontiers in Water Resources: Achieving Water Resource Security in Times of Climate Change, Urbanization, and Agricultural Expansion I. Annual meeting of the American Geophysical Union, San Francisco, California.
- 11) **Hubbart, J.A.** December 12th, 2016. Session Chair. H13D: New Frontiers in Water Resources: Achieving Water Resource Security in Times of Climate Change, Urbanization, and Agricultural Expansion II Posters. Annual meeting of the American Geophysical Union, San Francisco, California.
- 12) **Hubbart, J.A.** September 23rd, 2016. Symposium Organizer and Convener. The Fall Meeting of the Institute of Water Security and Science. Morgantown, West Virginia.
- 13) **Hubbart, J.A.** April 22nd, 2016. Symposium Organizer and Convener. The Inaugural Meeting of the Institute of Water Security and Science. Morgantown, West Virginia.
- 14) **Hubbart, J.A.** April 16th, 2015. Symposium Organizer and Convener. 1st Annual Symposium of the Center for Watershed Management and Water Resources. Symposium Title: Water for Agriculture: Challenges for this Century.
- 15) **Hubbart, J.A.** September 30th, 2014. Convener. 3rd meeting of the College of Agriculture, Food and Natural Resources, Center for Watershed Management and Water Quality.
- 16) **Hubbart, J.A.** April 24th, 2014. Convener. 2nd meeting of the College of Agriculture, Food and Natural Resources, Center for Watershed Management and Water Quality.
- 17) **Hubbart, J.A.** March 18th, 2014. Convener. 1st meeting of the College of Agriculture, Food and Natural Resources, Center for Watershed Management and Water Quality.
- 18) **Hubbart, J.A.** March 25-27, 2013. Special Session Convener. Multiple Land-Use Watersheds: Hydrology, Water Quality, and Biological Health I and II. American Water Resources Association Spring Specialty Conference: Agricultural Hydrology and Water Quality II.
- 19) **Hubbart, J.A.** March 25-27, 2013. Special Session Convener. Multiple Land-Use Watersheds: Hydrology, Water Quality, and Biological Health I and II. American Water Resources Association Spring Specialty Conference: Agricultural Hydrology and Water Quality II.
- 20) **Hubbart, J.A.** May 30, 2011. Book review session leader / convener (How of Happiness, by Sonya Lyubomirsky). Wakonse Conference on College Teaching, Camp Miniwanca, Lake Michigan, May 26-31, 2011.
- 21) **Hubbart, J.A.** April 21, 2011. Moderator. Linkages among Midwest Watersheds, Land-use Practices, and Gulf of Mexico Vitality. 2011 Missouri Life Sciences Week, April 18-23, 2011.

Invited Oral Presentations

- 1) **Hubbart, J.A.** 2019. A West Virginia Climate Hub. West Virginia Department of Agriculture, October 25, 2019, West Virginia University, Morgantown, WV.

- 2) **Hubbart, J.A.** 2019. Changing Climate Variance: Implications for the Eastern Forest of the United States. Davis College of Agriculture, Natural Resources and Design, School of Design and Community Development, October 22, 2019, West Virginia University, Morgantown, WV.
- 3) **Hubbart, J.A.** 2019. What is a Resilient Forest? Changing Climate Implications for the Eastern Forest of the United States. What is a Resilient Forest Conference, Flatwoods, WV.
- 4) **Hubbart, J.A.** 2019. Collaborative Research Plan for the Reedsville Farm: West Virginia Annual State Conservation Committee Meeting, October 8, 2019, Ruby Memorial Farm, Reedsville, WV.
- 5) **Hubbart, J.A.** 2019. Changing Climate Variance and Implications for the Eastern US Deciduous Forest Ecosystem, Division of Forestry and Natural Resources, October 4th, 2019, West Virginia University, Morgantown, WV.
- 6) **Hubbart, J.A.** 2019. The Why of Change: A Workshop Provided to the Division of Forestry and Natural Resources, Forest Management Program Faculty to Advance Strategic Program Planning, May 2, 2019, West Virginia University, Morgantown, WV.
- 7) **Hubbart, J.A.** 2019. The Institute of Water Security and Science: WVU Research Showcase, April 4, 2019, West Virginia University, Morgantown, WV.
- 8) **Hubbart, J.A.** 2019. Improving Animal Efficiency and Water Quality Systems: A Sustainable Agricultural Model Farm: Environmental Water Quality, Appalachian Grazing Conference, March 7-9, 2019, Morgantown, WV.
- 9) **Hubbart, J.A.** 2018. College Welcome Speech. Davis College of Agriculture, Natural Resources and Design, Distinguished Scholars Day, November 30, 2018, Morgantown, WV.
- 10) **Hubbart, J.A.** 2018. Session Panel Member: Fresh Water Quality and its Impacts in Appalachia. July 15, 2018. Northeast Agricultural and Biological Engineering Conference, Morgantown, WV.
- 11) **Hubbart, J.A.** 2018. Davis College of Agriculture, Natural Resources and Design, College Farm Review Presentation: Activities of the Interdisciplinary Hydrology Laboratory and the Institute of Water Security and Science. June 22, 2018, Morgantown, WV.
- 12) **Hubbart, J.A.** 2018. Introduction to West Run Watershed Experimental Research Collaborative. IWSS Spring Conference Feb 20 – Feb 21, 2018, Morgantown, WV.
- 13) **Hubbart, J.A.** 2018. WVU Institute of Water Security and Science (IWSS). West Virginia University, Centers Presentation. January 30, 2018. WVU Research Corporation.
- 14) **Hubbart, J.A.** 2018. Fundamentals of Nutrient Management, Environmental Management. WVU Extension Service Fundamentals of Nutrient Management course. January 5, 2018, Davis College of Agriculture, Natural Resources and Design, Morgantown, WV.
- 15) **Hubbart, J.A.** 2017. Advancing Science and Management in Contemporary Mixed-Land-Use Watersheds, December 1, 2017, West Virginia University, Division of Geography, Eberly College of Arts and Sciences, Morgantown, West Virginia, USA.
- 16) **Hubbart, J.A.** 2017. The West Virginia University Institute of Water Security and Science (IWSS), Mission, Collaborative Capacity, Current Activities and Opportunities. In: U.S. Energy Policy: Energy Security and Independence. US Department of State European Visitor Program, June 12, 2017, Morgantown, West Virginia, USA.
- 17) **Hubbart, J.A.** 2017. The West Virginia University Institute of Water Security and Science (IWSS), Mission, Collaborative Capacity and Opportunities. In: Visit of Ningxia Delegation, Ningxia University, China, June 12-13, 2017, Davis College, Morgantown, West Virginia, USA.
- 18) **Hubbart, J.A.** 2017. National Science Foundation Reverse Site Visit, April 6th, 2017. The Current State of Science Objectives in the West Virginia Appalachian Freshwater Initiative. Arlington, Virginia, USA.
- 19) **Hubbart, J.A.** 2017. The Institute of Water Security and Science: Mission and Activities. WVU Shale Gas Network Forum. March 22, 2017, Erickson Alumni Center, Morgantown, West Virginia, USA.

- 20) **Hubbart, J.A.** 2017. New Frontiers in Water Resources: Measuring and Monitoring the Hydro-Dynamics and Water Quality of Mixed Land Use Watersheds. January 25, 26, 2017, ISENSE, Florida Atlantic University, USA.
- 21) **Hubbart, J.A.** 2016. Institute of Water Security and Science. The Agriculture and Natural Resource WVU Extension Service Fall Meeting. November 16th, 2016, Jackson's Mill, West Virginia.
- 22) **Hubbart, J.A.** 2016. Measuring and Monitoring Water Quantity and Quality in West Virginia: Modes and Methods. WV Conservation planning meeting, June 28th, 2016, Tygart Valley, West Virginia.
- 23) **Hubbart, J.A.** 2016. Communicating Science to the Media. *In* Sensing the Environment: Investigating Community Water Stories with Sensor Journalism. WVU College of Media Innovation Center Workshop. April 30th, 2016, Morgantown, West Virginia.
- 24) **Hubbart, J.A.** 2016. The WVU Institute of Water Security and Science (IWSS). Davis College Faculty Meeting. April 15th, 2016, Morgantown, West Virginia.
- 25) **Hubbart, J.A.** 2016. The WVU Institute of Water Security and Science: Purposes and Directions. Annual meeting of the West Virginia Conservation Association. April 5, 2016. Glade Springs, West Virginia.
- 26) **Hubbart, J.A.** 2016. The New WVU Institute of Water Security and Science: Purposes and Directions. 2016 West Virginia Mine Drainage Task Force Symposium. March 29-30, 2016. Morgantown, West Virginia.
- 27) **Hubbart, J.A.** 2016. The WVU Institute of Water Security and Science: Mission and Vision. Society of Environmental Professionals. Davis College of Agriculture, Natural Resources and Design. West Virginia University, March 2, 2016.
- 28) **Hubbart, J.A.** 2015. Ecosystem CO₂ and H₂O Flux: The Missouri AmeriFlux Site, Application for Quantifying Crop Productivity and Water Use. High-efficient Water Use in Agriculture, Project (111 Plan) Workshop. Water and Food Security under Changing Environments. China Agricultural University, Beijing, China, June 1 – 7, 2015.
- 29) **Hubbart, J.A.** 2015. Ameriflux: The Missouri Site; 10-yr of Ecosystem CO₂ and H₂O Flux and a Greater Westward Influence of Drought in the Eastern Deciduous Forest. Swedish University of Agricultural Sciences, Umea', Sweden, May 27th, 2015.
- 30) Power, R., **Hubbart, J.A.**, Gumbert, A., Berger, W. and M. Schmitt. May 19, 2015. Hypoxia Task Force and LGU SERA-46 Priorities for Collaborative Work. Land-Grant University Southern Region Extension and Research Activities Committee 46 (SERA-46) May 18-20, 2015, Columbus, Ohio.
- 31) Schmitt, M., Power, R., **Hubbart, J.A.** Berger, W. May 19, 2015. Land-Grant University Faculty Perspectives on Gulf Hypoxia. Land-Grant University Southern Region Extension and Research Activities Committee 46 (SERA-46) May 18-20, 2015, Columbus, Ohio.
- 32) Power, R., and **Hubbart, J.A.** May 19, 2015. What is SERA-46. Land-Grant University Southern Region Extension and Research Activities Committee 46 (SERA-46) May 18-20, 2015, Columbus, Ohio.
- 33) **Hubbart, J.A.** May 19, 2015. Mixed-Land-Use Hydrology, Pollutant Transport and Loading: The IHL. Land-Grant University Southern Region Extension and Research Activities Committee 46 (SERA-46) May 18-20, 2015, Columbus, Ohio.
- 34) **Hubbart, J.A.** April 14, 2015. A Watershed Case Study – Hinkson Creek to the Gulf. Missouri River Relief, Rocheport, Missouri.
- 35) **Hubbart, J.A.** February 13, 2015. College of Agriculture, Food, and Natural Resources Center for Watershed Management and Water Quality. Breaking Down Silos: The Role of Partnership in Watershed Planning. 2015 Watershed Workshop. University of Missouri Extension, February 13-14, 2015.
- 36) **Hubbart, J.A.** and L. Hooper. October 29, 2014. Highlights of the Hinkson Creek Physical Habitat Assessment in the Upper Reaches, E. O'Rear Road to the Headwaters. Hinkson Creek Watershed Collaborative Adaptive Management Science Team meeting.

- 37) **Hubbart, J.A.** October 1, 2014. Creating a Conduit for Water Resources and Water Quality Expertise: The CAFNR Water Center. Extension Beyond Borders: Strengthening Networks for More Effective Water Resource Management. North Central Region Water Network Annual Conference.
- 38) **Hubbart, J.A.** and E. Kellner. April 11, 2014. Urban Water Quality: Suspended Sediment Regimes and University Leadership. Oral presentation, University S&T, Department of Civil, Architectural & Environmental Engineering.
- 39) Hooper, L., and **J.A. Hubbart**. April 4, 2014. Physical Habitat Assessment of Hinkson Creek, Boone County, Missouri. A presentation to Our Wild Nature group, Columbia, Missouri.
- 40) Hooper, L., and **J.A. Hubbart**. March 27, 2014. Interim Report on the Status of Physical Habitat Assessment of Hinkson Creek, Boone County, Missouri. Hinkson Creek Watershed Collaborative Adaptive Management Stakeholders Committee meeting.
- 41) **Hubbart, J.A.** March 14, 2014. The CAFNR Center for Watershed Management and Water Quality. CAFNR presentation during biannual faculty meeting, University of Missouri, Missouri, USA.
- 42) **Hubbart, J.A.** and K. Smarr. January 13, 2014. Empowering Faculty to be Brand Advocates. Power Up CASE VI Conference, Kansas, Missouri, USA.
- 43) **Hubbart, J.A.** November 6, 2013. Native Willows and Floodplain Forests for Stormwater Management. Grow Native; 2013 Professional Member Conference of the Missouri Prairie Foundation. Oral presentation and field-site tour.
- 44) **Hubbart, J.A.** April 23, 2013. Science, Politics and Society. An Informal Discussion with the MU Student Chapter of the Soil and Water Conservation Society, University of Missouri, Columbia, MO.
- 45) **Hubbart, J.A.** February 25, 2013. Panel to discuss “Hydrology and the Impact of Drought” with visiting scientists and administration from the Missouri Department of Natural Resources, University of Missouri, Columbia, MO.
- 46) **Hubbart, J.A.** February 20, 2013. University of Missouri Fish and Wildlife Freshman Interest Group (FIG) presentation on research as a career. University of Missouri, Columbia, MO.
- 47) **Hubbart, J.A.** January 9, 2013. Floodplain Forests: Flood Attenuation, Landscape Connections and Energy Solutions. 4th Annual Agroforestry Symposium. University of Missouri, Columbia, MO.
- 48) **Hubbart, J.A.** January 7, 2013. Native Willows and Floodplain Forests: Stormwater Management and Energy Solutions. National Green Centre Convention, by the Western Nursery & Landscape Association. St. Louis Convention Center. St. Louis, MO.
- 49) **Hubbart, J.A.*.** 2012. Hydrological Processes, Suspended Sediment and Chemical Loading in a Multiple Land-Use Watershed of the Central USA. Max Planck Institute of Biogeochemistry, Jena, Germany, December 18th, 2012. (Oral)
- 50) Nichols, J., and **J.A. Hubbart**. September 28, 2012. Macroinvertebrate Assemblages in a Multi-Use Impacted Stream of the Midwest: Water Quality, Woody Roots and Physical Habitat. Missouri Department of Conservation, Central Regional Office, Columbia, MO.
- 51) **Hubbart, J.A.** September 16, 2012. A Water Ethic: Sustainability. Presentation to incoming freshman about water sustainability. Sustainable Peers Reaching Out. University of Missouri Environmental Leadership Office. University of Missouri, Columbia, MO.
- 52) **Hubbart, J.A.** September 7, 2012. Contemporary Forest Hydrology: The Nexus of Wildland and Built Environments. Missouri Department of Conservation, Central Regional Office, Columbia, MO.
- 53) **Hubbart, J.A.** August 1, 2012. Hinkson Creek: Collaborative Adaptive Management. Hinkson Collaborative Adaptive Management (CAM) Stakeholders Meeting Presentation. Boone County Commission Building, Columbia, MO.
- 54) **Hubbart, J.A.** July 11, 2012. Prairie Fork Conservation Area: An Overview of Current Projects Objectives and Goals. Presentation for the University of Missouri Conservation Honors Program, University of Missouri, Columbia, MO.
- 55) **Hubbart, J.A.** July 10, 2012. Hinkson Creek: Collaborative Adaptive Management. Hinkson Collaborative Adaptive Management (CAM) Science and Advisory Team Presentation. University of Missouri, Columbia, MO.

- 56) **Hubbart, J.A.** June 1, 2012. Trees for Stormwater Runoff Best Management Practices in Urban Watersheds. University of Missouri, Botanic Garden Advisory Council.
- 57) **Hubbart, J.A.** May 16, 2012. Hinkson Creek Watershed: Science-Based Understanding for Adaptive Management. Hinkson Collaborative Adaptive Management (CAM) Science Team Presentation.
- 58) **Hubbart, J.A.** March 28, 2012. University of Missouri, Environmental Affairs and Sustainability Committee, special presentation, "University of Missouri, EASC: Organization and Planning".
- 59) **Hubbart, J.A.** October 14, 2011. Invited guest speaker by Dr. Clark Gantzer for Environmental Science 1100. I met the class at one of my experimental watershed gauge sites (Broadway Ave) to talk about urban land use hydrology and water quality and technologies for monitoring.
- 60) **Hubbart, J.A.** August 19, 2011. Current Research in Hinkson Creek Watershed: MU Interdisciplinary Hydrology Laboratory Status Report. A presentation to the Hinkson Creek Adaptive Management Science Team (University of Missouri, Missouri Dept. of Natural Resources, Boone County).
- 61) **Hubbart, J.A.** August 16, 2011. Hinkson Creek Watershed: Providing Science-Based Leadership For Adaptive Management. A presentation to the Missouri Department of Natural Resources, 319 grant review.
- 62) **Hubbart, J.A.** April 28, 2011. The University of Missouri: Preparing the Next Generation of Water Resource Professionals. Presentation for Environmental Protection Agency, Dr. Karl Brooks (EPA Region 7 Administrator) representing the UM College of Agriculture, Food and Natural Resources.
- 63) **Hubbart, J.A.** April 25, 2011. Hinkson Creek Watershed: Providing Science-Based Leadership for Adaptive Management. Presentation to Boone County, and City of Columbia Mayor, and Administrators, Boone County Building, Columbia, MO.
- 64) **Hubbart, J.A.** April 4, 2011. Human Disturbance and Urban Ecosystem Health: Can There Be Both? Invited Speaker, Discussions on Science and Public Policy (GH1070). University of Missouri, Department of Psychology.
- 65) **Hubbart, J.A.**, and G. Freeman. March 29th, 2011. Suspended Sediment Trends in a Multiple Landuse Watershed. In. Pathways to Rehabilitation: Identifying Causes of Stream Impairment Due to Multiple Stresses, USGS CERC Workshop, Columbia, MO.
- 66) **Hubbart, J.A.** March 24, 2011. Improving Urban Floodplain Management: Implications for Stormwater Mitigation. Presentation to University of Missouri, Environmental Health and Safety, Sustain Mizzou, technology transfer, and fostering continued research partnerships.
- 67) **Hubbart, J.A.** March 9, 2011. A TMDL for the Hinkson Creek Watershed: Volume Based Flow Reductions. Guest speaker for Limnology Course (Dr. Jack Jones), University of Missouri, Department of Fisheries and Wildlife Sciences.
- 68) Schulz, J.H. and **J.A. Hubbart**. August 30, 2010. A Vision for a Watershed Management and Research Program: Linking Physical Processes, Ecology, and People in the Hinkson Creek Watershed. Department of Forestry, University of Missouri, Columbia, MO.
- 69) **Hubbart, J.A.** July 15, 2010. Prairie Fork Conservation Area: An Overview of Current Projects Objectives and Goals. Presentation for the University of Missouri Conservation Honors Program, University of Missouri, Columbia, MO.
- 70) **Hubbart, J.A.** April 20, 2010. Hinkson Creek Watershed: An Overview of Current Projects. Presentation for Water Quality Coordinating Committee of Missouri Department of Natural Resources. USGS Columbia Environmental Research Center, Columbia, MO.
- 71) **Hubbart, J.A.** March 6, 2010. Improving Understanding of Dynamic Urban Hydrologic Processes and Water Quality in the Central U.S. Presentation to the 2010 Boone County Stream Team Summit, Columbia, MO.
- 72) Schulz, J.H., and **J.A. Hubbart**. February 12, 2010. Hinkson Creek: Linking Physical Processes, Ecology, and People: A vision for a watershed management and research program. Invited presentation to the Geotechnical & GeoEnvironmental Engineering Seminar, Dept. of Civil and Environmental Engineering, University of Missouri, Columbia, MO.

- 73) **Hubbart, J.A.**, and Heers, Jesse. December 1, 2009. Campbell Scientific Training. An Introduction to LoggerNet 4.0 and the CR1000 Datalogger. A half-day Campbell Scientific training session hosted by the University of Missouri, School of Natural Resources.
- 74) **Hubbart, J.A.**. November 30, 2009. Interdisciplinary Hydrologic Science: Towards Improved Understanding of Urban Hydrologic Processes and TMDL Allocations. Department of Civil and Environmental Engineering, Environmental Group, and Environmental Compliance Students, University of Missouri, Columbia, MO.
- 75) **Hubbart, J.A.**. October 28, 2009. Sustain Mizzou: The Land Trust Concept, Greenbelt Land Trust of Missouri. Stewart Hall Auditorium, University of Missouri, Columbia, MO.
- 76) **Hubbart, J.A.** November 4, 2009. The US Geological Survey, CERC. Urban Ecosystems: Alterations to Peakflow, Microclimate and the Natural Environment, Future Directions. USGS, Columbia, MO.
- 77) **Hubbart, J.A.**. November 12, 2008. Land Use Impacts on Hydrologic Processes and Water Quality. A seminar presented during the Environmental Science Club for Water Quality and Conversation Week, School of Natural Resources, University of Missouri, Columbia, MO.
- 78) **Hubbart, J.A.**. September 16, 2008. The Effects of Management on Hydrologic Processes in Rocky Mountain and Ozark Mountain Watersheds. The College of Agricultural & Natural Sciences, Lincoln University, Jefferson City, MO.
- 79) **Hubbart, J.A.** and K. Stephan. July 29, 2008. Effects of Forest Harvest and Wildfire on Hydrologic Processes and Nitrogen Dynamics in Rocky Mountain and Ozark Mountain Watersheds. Friedrich-Schiller University, Institute for Ecology, Jena, Germany.
- 80) **Hubbart, J.A.**. April 19, 2008. The Impacts of Development on Water Quality: What Effects Do Different Land Uses Have On Water Quality and How Does Human Activity Affect the Delivery of Water to Streams. The Lakes of Missouri Volunteer Program.
- 81) **Hubbart, J.A.**. January 10, 2007. Measuring and Modeling Hydrologic Responses to Timber Harvest in a Continental/Maritime Mountainous Environment. A Synthesis of Current Results and Future Directions of Research at the Mica Creek Experimental Watershed. UICWF Mica Creek working group meeting.
- 82) Link, T.E., T. Cundy, J. Gravelle, **J.A. Hubbart**, D. Karwan, and J. Broglio. September 28, 2006. Findings From the Mica Creek Test of the Idaho Forest Practices Rules. The National Council for Air and Stream Improvement (NCASI), West Coast Regional Meeting, Portland, OR.
- 83) **Hubbart, J.A.**. March 28, 2006. Measuring and Modeling Hydrologic Responses to Timber Harvest in a Continental/Maritime Mountainous Environment. A Synthesis of Current Results and Future Directions of Research at the Mica Creek Experimental Watershed. UICWF Mica Creek working group meeting, Lewiston, ID.
- 84) **Hubbart, J.A.** March 7-8, 2006. Forest Harvesting Impacts on the Hydrologic Yield of a Mountainous Watershed in the Continental/Maritime Hydroclimatic Region. Oral Presentation for: the 23rd Annual Inland Empire Forest Engineering Conference – Moscow, ID,
- 85) **Hubbart, J.A.**, T.E. Link, J.A. Gravelle, and W.J. Elliot. January 20, 2006. Timber Harvest Impacts on the Hydrologic Yield of the Mica Creek Watershed. Oral presentation delivered at: Cumulative effects of contemporary timber harvest practices in a continental/maritime mountainous watershed: A synthesis of current results from the Mica Creek Study. Potlatch Corporation, Clarkston, WA.

Conferences (= presenting author)*

- 1) Lozon, D., D.J. Brown, **J.A. Hubbart**, and J.T. Anderson. 2019. Landscape Effects on Freshwater Turtle Heavy Metal Bioaccumulation in West Virginia Wetlands. American Fisheries Society – TWS Joint Meeting, September 29 – October 3, 2019, Reno, Nevada, USA. (Poster)
- 2) **Hubbart, J.A.** 2019. State of West Virginia, Established Program to Stimulate Competitive Research, Overview of the Appalachian Freshwater Initiative, RII Industry Advisory Board meeting, August 26, 2019. (Oral)

- 3) **Hubbart, J.A.** 2019. State of West Virginia, Established Program to Stimulate Competitive Research, Appalachian Freshwater Initiative Research Focus, Group 1: Chemical, Physical and Biological Water Quality Detection (Sensors Group), RII Industry Advisory Board meeting, August 26, 2019. (Oral)
- 4) **Hubbart, J.A.**, and E. Kutta. 2019. Changing Climate Variance and Implications for the Eastern Deciduous Forest of the United States. August 7, 2019, Louisville, Kentucky, USA. (Oral)
- 5) **Hubbart, J.A.** 2019. State of West Virginia, Established Program to Stimulate Competitive Research, Annual All-Hands Meeting. Accomplishments of the Appalachian Freshwater Initiative, Year 4. June 13-14, 2019. Marshall University, Huntington, WV. (Oral)
- 6) Zeiger, S*, **J.A. Hubbart**. 2019. Lessons Learned from Analyzing Long-Term High-Resolution Multi-Constituent Hydroclimate and Water Quality Data. Dan and Betsy Brown Speaker Fund of WVU, Eberly College, April 9, 2019, West Virginia University. (Oral)
- 7) Petersen, F., **J.A. Hubbart**. 2019. Advancing Quantitative Understanding of Escherichia Coli Concentrations in a Contemporary Mixed-Land-Use Watershed. Davis College of Agriculture, Natural Resources and Design, Graduate Scholarship Conference, April 6, 2019. Morgantown, WV. (Poster)
- 8) Heck, Z., **J.A. Hubbart**. 2019. Paired-Nested-Scale Multi-Catchment Rating Curve Development for Appalachian Mixed-Land-Use Watersheds. Davis College of Agriculture, Natural Resources and Design, Graduate Scholarship Conference, April 6, 2019. Morgantown, WV. (Poster)
- 9) Zeiger, S*, **J.A. Hubbart**. 2019. Quantifying relationships between watershed characteristics and hydroecological indices of Missouri streams. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, January 30th- 31st, 2019. (Oral)
- 10) Kutta, E., and **J.A. Hubbart**, T. Eichler, and A. Lupo. 2019. Symmetry of Divergent Vertically Integrated Heat Flux Anomalies Associated with the El Niño-Southern Oscillation. American Meteorology Society, 32nd Conference on Climate Variability and Change. January 6-10, 2019, Phoenix, Arizona. (Oral)
- 11) Kutta, E., and **J.A. Hubbart**. 2019. Observed Changes in West Virginia’s Climate, Land Use, and Forest Species Composition. American Meteorology Society, 32nd Conference on Climate Variability and Change. January 6-10, 2019, Phoenix, Arizona. (Poster)
- 12) Kutta, E., and **J.A. Hubbart**. 2018. West Virginia’s Climate System and How It’s Changing. West Virginia Science Teachers Association Fall 2018 Conference. October 25 – Oct 27, 2018. Roanoke, WV. (Oral)
- 13) Petersen, F., **J.A. Hubbart**, E. Kellner, and E. Kutta. 2018. Land-Use-Mediated Escherichia coli Regimes in an Appalachian Watershed. Sept 18, 2018. National Science Foundation (NSF) Site Visit Student Presentation, Morgantown, WV. (Poster)
- 14) Martin, G., C. Dang, **J.A. Hubbart**, E. Kellner, E. Morrissey, and Z. Freedman. 2018. The Role of Land Use in Shaping Stream Sediment Microbial Community Composition. August 9, 2018. Annual Meeting of the Ecological Society of America, New Orleans, Louisiana, USA. (Poster)
- 15) Kellner, R.E., **J.A. Hubbart**, K. Stephan, E.M. Morrissey, Z.B. Freedman, E. Kutta, and C.N. Kelly. 2018. Characterization of Sub-Watershed-Scale Stream Chemistry Regimes in an Appalachian Mixed-Land-Use Watershed. July 23, 2018. Sixth Interagency Conference on Research in the Watersheds, Shepherdstown, WV. (Oral)
- 16) Kutta, E., **J.A. Hubbart** and, R.E. Kellner. 2018. Climate Change in West Virginia and Implications for Appalachian Food Deserts. July 23, 2018. Sixth Interagency Conference on Research in the Watersheds, Shepherdstown, WV. (Poster)
- 17) **Hubbart, J.A.** and R.E. Kellner. 2018. The Experimental Watershed Study Approach to Monitoring and Managing Contemporary Mixed-Land-Use Watersheds. July 23, 2018. Sixth Interagency Conference on Research in the Watersheds, Shepherdstown, WV. (Oral)

- 18) Petersen, F., **J.A. Hubbard**, R.E. Kellner, and E. Kutta. 2018. Land-Use-Mediated Escherichia coli Regimes in an Appalachian Watershed. July 23, 2018. Sixth Interagency Conference on Research in the Watersheds, Shepherdstown, WV. (Poster)
- 19) **Hubbart, J.A.**, R.E. Kellner, and E. Kutta. 2018. Advancements to Measuring and Managing Contemporary Mixed-Land-Use Watersheds. July 15, 2018. Northeast Agricultural and Biological Engineering Conference, Morgantown, WV. (Oral)
- 20) Kellner, R.E. and **J.A. Hubbard**. 2018. Forest and Agricultural Land Use Impacts on Floodplain Water Table Response to Precipitation Events. July 15, 2018. Northeast Agricultural and Biological Engineering Conference, Morgantown, WV. (Poster)
- 21) Kutta, E.J., **J.A. Hubbard**, and E. Kellner. 2018. Climate Variability and Change in West Virginia: Implications for Appalachian Food Deserts. July 15, 2018. Northeast Agricultural and Biological Engineering Conference, Morgantown, WV. (Poster)
- 22) Kutta, E., **J.A. Hubbard**, and R.E. Kellner. 2018. Climate Variability and Change in West Virginia: Implications for Appalachian Food Deserts. UCOWR/NIWR 2018 Annual Water Resources Conference, June 6, 2018. Pittsburgh, PA, USA. (Oral)
- 23) Dang, C., G. Martin, **J.A. Hubbard**, E. Kellner, C. Kelly, K. Stephan, R. Miller, Z. Freedman and E. Morrissey. 2018. Stream Sediment Microbial Community Function is Sensitive to Alterations in Water Chemistry Associated with Watershed Land Use. UCOWR/NIWR 2018 Annual Water Resources Conference, June 6, 2018. Pittsburgh, PA. (Poster)
- 24) Petersen, F., **J.A. Hubbard**, R.E. Kellner and E. Kutta. 2018. Land-Use-Mediated Escherichia coli Regimes in an Appalachian Watershed. Davis College of Agriculture, Natural Resources and Design, Graduate Scholarship Conference, April 11, 2018. Morgantown, WV. (Poster)
- 25) Takhache, P. and **J.A. Hubbard**. 2018. Spatiotemporal Variability of Stream Stage in a Small Mixed-Land-Use Watershed of Appalachia. 2018. Davis College of Agriculture, Natural Resources and Design, Graduate Scholarship Conference, April 11, 2018. Morgantown, WV. (Poster)
- 26) Nisan, R. and **J.A. Hubbard**. 2018. Quantifying Suspended Sediment of a Mixed-Land-Use Appalachian Watershed. Davis College of Agriculture, Natural Resources and Design, Graduate Scholarship Conference, April 11, 2018. Morgantown, WV. (Poster)
- 27) Kellner, R.E., **J.A. Hubbard**, E. Kutta, K. Stephan, Z.B. Freedman, and C.N. Kelly. Characterization of Sub-Watershed-Scale Stream Chemistry Regimes in an Appalachian Mixed-Land-Use Watershed. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 28) Kutta, E., **J.A. Hubbard**, B.M. Svoma, T.P. Eichler, and A.R. Lupo. 2018. Is the Global Redistribution of Anomalous Surface Heat Fluxes Associated with ENSO Events Symmetric? IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Oral)
- 29) Dang, C., G. Martin, **J.A. Hubbard**, R.E. Kellner, C. Kelly, K. Stephan, R. Miller, Z. Freedman and E. Morrissey. 2018. Stream sediment microbial community function is sensitive to alterations in water chemistry associated with watershed land use. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 30) **Hubbart, J.A.** and K. Stephan. 2018. Investigating Carbon in Soil and Vegetation: A Forested Wildland to Urban Transect. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 31) Nisan, R. and **J.A. Hubbard**. 2018. Quantifying Suspended Sediment of a Mixed-Land-Use Appalachian Watershed. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 32) Burney, C., and **J.A. Hubbard**. 2018. Investigating Tea Growing (*Camellia sinensis*) for the Advancement of West Virginia Agriculture. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 33) Kellner, R.E. and **J.A. Hubbard**. 2018. Forest and Agricultural Land Use Impacts on Floodplain Water Table Response to Precipitation Events. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)

- 34) Hentz, A.K., **J.A. Hubbart**, R.E. Kellner and P. Kinder. 2018. Application of UAV (Drone) imagery in aquatic physical habitat assessment. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 35) **Hubbart, J.A.** and R.E. Kellner. 2018. Experimental Watershed Study Designs: A Tool for Advancing Process Understanding and Management of Mixed-Land-Use Watersheds. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 36) Petersen, F., **J.A. Hubbart**, R.E. Kellner and E. Kutta. 2018. Relationship between E. coli and Land Use Activities in the West Run Watershed. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 37) Kutta, E. and **J.A. Hubbart**. 2018. Agricultural Opportunities in Appalachia’s Changing Climate: A Case Study of West Virginia. IWSS Spring Conference Feb 20 – Feb 21, 2018, Morgantown, WV. (Poster)
- 38) Takhachhe, P. and **J.A. Hubbart**. 2018. Spatiotemporal Variability of Stream Stage in a Small Mixed-Land-Use Watershed of Appalachia. 2018. IWSS Spring Conference Feb 20 – Feb 21, 2018. Morgantown, WV. (Poster)
- 39) Zeiger, S*., **J.A. Hubbart**. 2018. Measuring and Modeling Suspended Sediment and Nutrient Yields from a Mixed-Land-Use Watershed of the Central U.S. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, January 31th- Feb 1st, 2018. (Oral)
- 40) **Hubbart, J.A.**, R-M Muzika, and R. Guyette. 2017. Beyond Drought: Excessive Wetness, Precipitation Variance and Eastern Deciduous Forest Productivity. Society of American Foresters, 2017 National Convention, Albuquerque, New Mexico, November 15-19. (Oral)
- 41) **Hubbart, J.A.**, E. Kellner. 2017. Managing Contemporary Mixed-Land-Use Watersheds: Resurrecting the Experimental Watershed Study Approach. Society of American Foresters, 2017 National Convention, Albuquerque, New Mexico, November 15-19. (Oral)
- 42) Stephan, K., **J.A. Hubbart**, K. Beaven, and E. Spiegel. 2017. Contrasting Carbon in Soil and Vegetation of Forested Wildland and Urban Sites along an Urbanization Gradient. Society of American Foresters, 2017 National Convention, Albuquerque, New Mexico, November 15-19. (Poster)
- 43) Kellner, E., and **J.A. Hubbart**. 2017. Multiple-Land-Use Impacts on Urban Bottomland Hardwood Forest Floodplain Groundwater Processes. Society of American Foresters, 2017 National Convention, Albuquerque, New Mexico, November 15-19. (Poster)
- 44) Kellner, E., and **J.A. Hubbart**. 2017. Mixed-Land-Use Impacts on Forested and Agricultural Floodplain Water Table Response to Precipitation Events. Society of American Foresters, 2017 National Convention, Albuquerque, New Mexico, November 15-19. (Oral)
- 45) Kellner, E., and **J.A. Hubbart**. 2017. Quantitatively Characterizing Forested and Agricultural Floodplain Shallow Groundwater Temperature Regimes. Society of American Foresters, 2017 National Convention, Albuquerque, New Mexico, November 15-19. (Poster)
- 46) **Hubbart, J.A.**, and K. Stephan. Advancing Quantitative Understanding of Urban Forest Carbon Sequestration and Climate Mitigation Potential. International Union of Forest Resource Organizations (IUFRO) 125th Anniversary Congress, September 18 – 22, 2017, Freiburg, Germany. (Poster)
- 47) **Hubbart, J.A.** Beyond Drought: Excessive Wetness, Precipitation Variance and Forest Productivity. International Union of Forest Resource Organizations (IUFRO) 125th Anniversary Congress, September 18 – 22, 2017, Freiburg, Germany. (Poster)
- 48) **Hubbart, J.A.**, and K. Stephan. Advancing Quantitative Understanding of Urban Forest Carbon Sequestration and Climate Mitigation Potential. ANS-PSS joint collaborative poster session, September 8th, 2017. West Virginia University. (Poster)
- 49) Kutta, E., **J.A. Hubbart**, B.M. Svoma, T. Eichler, A. Lupo. 2017. The Horizontal Redistribution of Anomalous Vertical Heat Fluxes at Tropical Latitudes. Inaugural School of Natural Resources

- Research Day, May 3, 2017, University of Missouri, School of Natural Resources, Columbia, Missouri, USA. (Poster)
- 50) **Hubbart, J.A.**, E. Kellner, and S. Zeiger. 2017. Experimental Watershed Study Designs: A Tool for Advancing Process Understanding and Management of Mixed-Land-Use Watersheds. Annual Symposium of the Institute of Water Security and Science, February 28th, 2017 West Virginia University. (Poster)
 - 51) Kellner, E., and **J.A. Hubbart**. 2017. Advancing Understanding of Multiple-Land-Use Impacts on Urban Floodplain Groundwater Processes. Annual Symposium of the Institute of Water Security and Science, February 28th, 2017 West Virginia University. (Poster)
 - 52) Kutta, E., and **J.A. Hubbart**. 2017. Spatiotemporal Variance of Global horizontal Moisture Transport and the Influence of Strong ENSO Events Using ERA-Interim Reanalysis. Annual Meeting of the American Meteorological Society (AMS) – Seattle, WA, January 22-26th, 2017. (Oral)
 - 53) **Hubbart, J.A.**, E. Kellner, and S. Zeiger. 2017. Experimental Watershed Study Designs: A Tool for Advancing Process Understanding and Management of Mixed-Land-Use Watersheds. ANS-PSS joint collaborative poster session, January 20th, 2017. West Virginia University. (Poster)
 - 54) Kellner, E., and **J.A. Hubbart**. 2017. Advancing Understanding of Multiple-Land-Use Impacts on Urban Floodplain Groundwater Processes. ANS-PSS joint collaborative poster session, January 20th, 2017. West Virginia University. (Poster)
 - 55) Zeiger, S., and **J.A. Hubbart**. 2016. Measuring and Modeling Suspended Sediment and Nutrient Yields from a Mixed-Land-Use Watershed of the Central U.S. Annual Meeting of the American Geophysical Union (AGU) – San Francisco, CA, December 11-17, 2016. (Oral)
 - 56) Zeiger, S., and **J.A. Hubbart**. 2016. Quantifying Flow and Pollutant Loading at Nested-Scales in a Mixed-Land-Use Watershed of the Central United States. Annual Meeting of the American Geophysical Union (AGU) – San Francisco, CA, December 11-17, 2016. (Poster)
 - 57) Kutta, E., and **J.A. Hubbart**. 2016. Spatiotemporal Variance of Global horizontal Moisture Transport and the Influence of Strong ENSO Events Using ERA-Interim Reanalysis. Annual Meeting of the American Geophysical Union (AGU) – San Francisco, CA, December 11-17, 2016. (Poster)
 - 58) Kellner, E., and **J.A. Hubbart**. 2016. Advancing Understanding of Multiple-Land-Use Impacts on Urban Floodplain Groundwater Processes. Annual Meeting of the American Geophysical Union (AGU) – San Francisco, CA, December 11-17, 2016. (Oral)
 - 59) **Hubbart, J.A.**, E. Kellner, and S. Zeiger. 2016. Experimental Watershed Study Designs: A Tool for Advancing Process Understanding and Management of Mixed-Land-Use Watersheds. Annual Meeting of the American Geophysical Union (AGU) – San Francisco, CA, December 11-17, 2016. (Poster)
 - 60) Sunde, M., H.S. He, **J.A. Hubbart**, and C. Scroggins. 2016. Using CMIP5 Data coupled with a Physically-Based Watershed Model to Estimate Potential Hydrologic changes in an Urbanizing Midwestern Watershed. Annual US-IALE (International Association for Landscape Ecology) Symposium, April 3-7, 2016. Oral.
 - 61) Simpson, M*., **J.A. Hubbart**, and N. Fox. 2015. Impacts of Spatial and Temporal Variability on Radar Rainfall Estimation as a Function of Distance. Annual NSF EPSCoR Meeting, June 2, 2015. Poster.
 - 62) **J.A. Hubbart***, S.G. Pallardy, and L. Gu. 2015. A Greater Westward Influence of Drought in the Eastern Deciduous Forest. The 2015 Environmental System Science (EES) Investigators Meeting. Bolger Center, Potomac MD, April 28-29. (Poster)
 - 63) Halley, A.W*., **J.A. Hubbart**, S.G. Pallardy, and L. Gu. 2015. Monitoring Oak-Hickory Forest Mortality with Biological Inventories in Central Missouri. The 2015 Environmental System Science (EES) Investigators Meeting. Bolger Center, Potomac MD, April 28-29. (Poster)
 - 64) **J.A. Hubbart***, S.G. Pallardy, and L. Gu. 2015. A Greater Westward Influence of Drought in the Eastern Deciduous Forest. AmeriFlux Principle Investigators meeting, Omni Shoreham Hotel, Washington D.C. January 29th – 30th. (Poster)

- 65) Halley, A.W*, **J.A. Hubbart**, S.G. Pallardy, and L. Gu. 2015. Monitoring Oak-Hickory Forest Mortality with Biological Inventories in Central Missouri. AmeriFlux Principle Investigators meeting, Omni Shoreham Hotel, Washington D.C. January 29th – 30th. (Poster)
- 66) **J.A. Hubbart***, S.G. Pallardy, and L. Gu. 2015. A Greater Westward Influence of Drought in the Eastern Deciduous Forest. 5th North American Carbon Program (NACP) Principle Investigators meeting, Washington D.C. January 26th – 28th. (Poster)
- 67) Halley, A.W*, **J.A. Hubbart**, S.G. Pallardy, and L. Gu. 2015. Monitoring Oak-Hickory Forest Mortality with Biological Inventories in Central Missouri. 5th North American Carbon Program (NACP) Principle Investigators meeting, Washington D.C. January 26th – 28th. (Poster)
- 68) Zeiger, S*, **J.A. Hubbart**, and R. O’Hearn. 2015. Nutrient Export in an Urbanizing Agricultural Watershed of the Lower Missouri River Basin, U.S.A. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, February 4th-6th. (Oral)
- 69) Hooper, L*, **J.A. Hubbart**. 2015. A Stream Physical Habitat Assessment in an Urbanizing Watershed of the Central U.S.A. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, February 4th-6th. (Poster)
- 70) Hogan, M*, **J.A. Hubbart**. 2015. Improving Mechanistic Understanding of the Role of Woody Roots in Erosion Prevention and Stream Bank Stabilization. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, February 4th-6th. (Poster)
- 71) **J.A. Hubbart***, S.G. Pallardy, and L. Gu. 2015. A Greater Westward Influence of Drought in the Eastern Deciduous Forest. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, February 4th-6th. (Poster)
- 72) Halley, A.W*, **J.A. Hubbart**, S.G. Pallardy, and L. Gu. 2015. Monitoring Oak-Hickory Forest Mortality with Biological Inventories in Central Missouri. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, February 4th-6th. (Poster)
- 73) Beaven, K*, **J.A. Hubbart**, and K. Stephan. 2015. Investigating Soil Carbon, Nitrogen and Respiration across an Urban to Forested Gradient in Mid-Missouri. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, February 4th-6th. (Poster)
- 74) Skornia, E.E*, J. Piercefield, A. Andrei, and **J.A. Hubbart**. 2015. The Effects of the Urban Gradient on Avian Population. Annual Missouri Natural Resources Conference (MNRC) – Tan-Tar-A Resort, Lake of the Ozarks, MO, February 4th-6th. (Poster)
- 75) **Hubbart, J.A***, S. Zeiger, and L. Hooper. 2014. Understanding the Chloride Regime of a Midwest Mixed-Land-Use Watershed. Annual Meeting of the American Geophysical Union (AGU) – San Francisco, CA, December 14-20, 2014. (Poster)
- 76) Hooper, L*, **J.A. Hubbart**, G.W. Hosmer, and M.L. Hogan. 2014. Characterizing Physical Habitat of a Mixed-Land Use Stream of the Central U.S. Annual Meeting of the American Geophysical Union (AGU) – San Francisco, CA, December 14-20, 2014. (Poster)

AGU – San Francisco, CA, December 13-17, 2004. (Poster)

OUTREACH ACTIVITIES

- 1) Kutta, E.J., and J.A. Hubbart. 2019. Earth's Climate System and how it's changing. Science Public Outreach Team Spring Summit, March 23, 2019. West Virginia University, Eberly College, Morgantown, WV
- 2) Kutta, E.J., and J.A. Hubbart. 2019. Earth's Climate System and how it's changing. Science Public Outreach Team (SPOT) Training Weekend, March 22, 2019. Greenbank, WV
- 3) Kutta, E.J., and J.A. Hubbart. 2019. Agriculture in West Virginia: Implications for Climate Change. West Virginia Extension Service Dinner, March 6, 2019. Morgantown, WV
- 4) Kutta, E.J., and J.A. Hubbart. 2019. Agriculture in West Virginia: Implications for Climate Change. West Virginia Extension Service Dinner, March 5, 2019. Morgantown, WV
- 5) Kutta, E.J., and J.A. Hubbart. 2019. Agriculture in West Virginia: Implications for Climate Change. West Virginia Extension Service Dinner, March 4, 2019. Morgantown, WV
- 6) Hubbart, J. 2018. 2018. The status and future of natural resources (water), and future professionals. Richwood High School AP Environmental Science class visit to WVU. Morgantown, WV
- 7) Kutta, E.J., and J.A. Hubbart. 2018. Water: The Source of Life. Protecting our most valuable natural resource. Richwood High School AP Environmental Science class visit to WVU. Morgantown, WV
- 8) Kutta, E., and J.A. Hubbart. 2018. Water: The Source of Life. Protecting our most valuable natural resource. Science Public Outreach Team (SPOT) Training Weekend. Greenbank, WV.
- 9) Hubbart, J.A. 2018. Fundamentals of Nutrient Management, Environmental Management. WVU Extension Service Fundamentals of Nutrient Management course, Morgantown, WV.
- 10) Kellner, R.E., and J.A. Hubbart. 2018. The Long-Term Impacts of Forest Removal on Floodplain Subsurface Hydrology. WVU Division of Plant and Soil Science Seminar Series, Morgantown, WV.
- 11) Kellner, E., and J.A. Hubbart. 2018. Water: The Source of Life. West Virginia Watersheds Speaker Series at the Ohio County Public Library, Wheeling, WV.
- 12) Kutta, E., and J.A. Hubbart. 2018. Global Climate, Climate Variability and Modeling in the Anthropocene. WVU Department of Geography Colloquium, Morgantown, WV.
- 13) Hubbart, J.A., E. Kellner, and T. Petty. 2016. West Virginia University Contingent to the 2016 Big 12 Water Conference. Baylor University, Texas, September 25-26, 2016.
- 14) Meeting with Rainelle Concerned Citizens Group. Planning for Future Flooding in Greenbrier Valley, West Virginia. August 3rd, 2016.
- 15) Meeting at Oglebay Resort with Director and Staff. Water Management and Use Planning. August 1st, 2016.
- 16) Meeting with Lewisburg West Virginia Conservation Agency, in Lewisburg, WV. June 17, 2016.
- 17) Association of Public and Land-grant Universities (APLU) Water Industry Talent Development Summit. April 29th 2016, Milwaukee, Wisconsin.
- 18) Mizzou Central at the Mo State Fair. Booth Staffer at the Missouri State Fair, representing the College of Agriculture Food and Natural Resources and the University of Missouri, August 13th, 2013.
- 19) Student speed networking event "Exploring Different Professions in Water Resources". The Spring American Water Resources Association (AWRA) specialty conference in St. Louis, MO, Tuesday March 26th, 2013.
- 20) Exploring Different Professions in Water Resources (For Student Attendees). Meeting with students interested in water resources professions. The American Water Resources 2013 Spring Specialty Conference, Agriculture, Hydrology and Water Quality II. Tuesday, March 26th, 12:00-1:30pm.
- 21) MU Researchers Address Climate Issues. Feature on KOMU Channel 8 News, by Nick Thompson, January 9th, 2013.
- 22) University of Missouri Stormwater Mast Plan. Featured article: MU Researchers Study Stormwater Controls at Hinkson Bottoms. November 2012.

- 23) Mizzou Central at the Mo State Fair. Booth Staffer at the Missouri State Fair, representing the College of Agriculture Food and Natural Resources and the University of Missouri, August 16th, 2012.
- 24) Sustainable Agriculture Research & Education Project, “Sustainability of a Short-Rotation Woody Biofuel System Compared to Grass Biofuel and Grain Cropping Systems’ Advisory Board meeting, March 27, 2012.
- 25) KFRU Radio talk show with David Lile. Talk show discussing local water issues, the Anatomy of a Stream video, and Hinkson Creek water quality issues. Oct 20, 2011.
- 26) Anatomy of a Stream. Invited guest interviewee for a video produced by the City of Columbia discussing streamflow, riparian areas, riparian forests, riparian management and water quality. Web Link: http://gocolumbiamo.granicus.com/MediaPlayer.php?view_id=3&clip_id=506. Oct 10, 2011.
- 27) School of Natural Resources Advisory Council committee meeting. Tour of Hinkson Creek Study site #4 and the Floodplain Study site. Discussion of related undergraduate and graduate student studies and educational experience opportunities.
- 28) Faculty Are People Too. September 15th, 2011. Meeting for Fall Semester School of Natural Resources undergraduate orientations.
- 29) MU Pollution Studies Could Benefit Waterways Across the Nation. Feature in the Chancellor Brady Deaton’s annual presentation to the MU Board of Curators. March 11, 2011.
- 30) Introduction to Streamgauging, Monday, January 24, 2011. Co-presentation with Mr. Terry Colgan, Sutron Corporation. MU School of Natural Resources, Department of Forestry Seminar.
- 31) Lincoln University Research Outreach. August 20, 2010. Current Research in the Hinkson Creek Watershed Conducted by the Interdisciplinary Hydrology Laboratory. A presentation to Lincoln University researchers to invite collaborative research.
- 32) Missouri River Relief, Missouri River cleanup event, September 19, 2009. Missouri River Relief, P.O. Box 463, Columbia, MO 65205. Participant in half-day trash pick-up.
- 33) Forestry and Humans: Connecting the Dots, A Biophysical Connection. October 5, 2007. A presentation to the Student Success Center, Arts & Science and Business Advisors Committee of the University of Missouri.
- 34) Impact of Forest Management on the Water Cycle. Summer 2006. A presentation at the meeting of the Pacific Northwest Regional Water Program. A partnership of USDA CSREES & Land Grant Colleges and Universities.
- 35) North Idaho, New Mexico, Mica Creek Experimental Watershed Tour. Oral presentation of research findings to date, and future studies/directions – Mica Creek, Idaho, June 29, 2006.
- 36) Investigating cumulative effects of timber harvest at Mica Creek Experimental Watershed, a multidisciplinary approach. July 7, 2005. On site presentation of current studies to the Association of Natural Resource Professionals (ANREP), Mica Creek Experimental Watershed.

GRANTS PENDING

- 1) *PENDING*: 1/2020 – 12/2022: Wilson, M.E. (PI), P.J. Kinder (Co-PI), K. Shaffer (Co-PI), D. Matlick (Co-PI), D.J. Mata-Padrino (Co-PI), E. Morrissey (Co-PI), J.L. Hatton (Co-PI), J.K. Yost (Co-PI), K. Garossino (Co-PI), J. Hubbart (Collaborator). Development of methods to estimate individual pasture dry matter intake. USDA-National Institute of Food and Agriculture, AFRI Foundational Program, \$499,934 (JH Credit – 10%)
- 2) *PENDING*: 1/2020 – 12/2023: *PENDING*: Hubbart, J.A. (PI), K. Stephan (Co-PI), R.E. Kellner (Co-PI). Advancing Wetland Hydro-Biogeochemical Process Understanding in Mixed-Land-Use Agroecosystems. USDA-National Institute of Food and Agriculture, AFRI Foundational Program, \$499,910 (JH Credit – 50%)
- 3) *PENDING*: 3/2020 – 2/2024: *PENDING*: Kelly, C.N. (PI), Z.B. Freedman (Co-PI), E. Morrissey (Co-PI), J.A. Hubbart (Co-PI). Do tree species determine nitrification and denitrification by the soil microbiome? Implications for management of nitrate and nitrous oxide production in riparian areas. USDA-National Institute of Food and Agriculture, AFRI Foundational Program, \$497,548 (JH Credit – 25%)
- 4) *PENDING*: 7/2020 – 6/2024: *PENDING*: Oporto, G.S. (PI), J. Jaczynski (Co-PI), J. Boyd (Co-I), K. Nelson (Co-I), J. Hubbart (Collaborator). Optimization of Cellulose/Metal Nanoparticle Hybrids as Antimicrobials for Food Packaging Applications. NSF-Division of Materials Research: Topical Materials Research Programs, \$941,021 (JH Credit – 10%)
- 5) *PENDING*: 7/2020 – 6/2025: *PENDING*: Wang, J. (PI), J.A. Hubbart (Co-I), et. al. Mid-Atlantic Sustainable Biomass for Value-added Products Consortium (MASBio). USDA-National Institute of Food and Agriculture, AFRI Sustainable Agricultural Systems, \$10,000,000 (JH Credit – 4%)

GRANTS FUNDED (Total: \$22,422,040)

- 1) 1/2020 – 12/2023: Shen, C. (PI), X. Etienne (Co-PI), L.M. Lagana Jones (Co-PI), A. Puglisi Freshour (Co-PI), **J. Hubbart** (Collaborator). Establishing a Summer Internship Program to Enhance Undergraduate Practical Knowledge and Skills of Food Microbial Safety through Research and Extension Activities. USDA-National Institute of Food and Agriculture, AFRI Education and Workforce Development Program, Grant/Contract No.: TBD, \$398,997 (JH Credit – 10%)
- 2) 9/2019 – 8/2023: Elbakidze, L. (PI), **J.A. Hubbart** (Co-PI), M.P. Strager (Co-PI), X. Etienne (Co-PI). Modeling Interdependent FEW Systems in the US and China: Nexus for Sustainability, Markets and Trade of Energy and Agricultural Commodities. NSF/NSFC Joint Research on Environmental Sustainability Challenges, Grant/Contract No.: CBET-1903543, \$494,888. (JH Credit – 25%)
- 3) 9/2019 – 9/2022: Strager, M.P. (PI), P.J. Kinder (Co-PI), S.T. Grushecky (Co-PI), **J. Hubbart** (Collaborator). Unmanned Aerial Systems for Pipeline Inspection, Monitoring, and Landscape Analysis. US Department of Transportation, Pipeline Safety Research Competitive Academic Agreement Program, Grant/Contract No.: PH956-19-0144, \$206,920 (JH Credit – 10%)

- 4) 9/2019 – 8/2021: McDonald, L.M. (PI), G.B. Stewart (Co-PI), J.S. Carver (Co-PI), **J. Hubbard** (Collaborator). GP-IMPACT: Improving Geoscience Education for Rural and First-Generation College Student through a Shared-Instruments Collaboration – Bridging the High School to Undergraduate Divide for Students in Reclamation Science and Management. NSF – Improving Undergraduate STEM Education: Pathways into Geoscience, Grant/Contract No.: ICER-1911347, \$306,036. (JH Credit – 10%)
- 5) 8/2019 – 7/2020: Wilson, M.E. (PI), B.J. Meade (Co-PI), L.M. Parenti (Co-PI), R.C. Burns (Co-PI), **J. Hubbard** (Collaborator). Support for the Hearts of Gold Service Dog Training Program to Train Service Dogs for Veterans. Uniformed Services University, Wounded Warrior Service Dog Program, Grant/Contract No.: HU0001910014, \$317,524 (JH Credit – 10%)
- 6) 6/2019 – 5/2021: Shen, C. (PI), L.M. Lagana Jones (Co-PI), X. Etienne (Co-PI), **J. Hubbard** (Collaborator). Improving the Microbial Safety and Quality of Locally Grown Produce in West Virginia by Adopting a Three-Step Wash Process with Antimicrobials Through Research and Extension. USDA-National Institute of Food and Agriculture, AFRI Foundational Program, Grant/Contract No.: 2019-68008-29828, \$195,730. (JH Credit – 10%)
- 7) 10/2018 – 9/2022: Anderson, J. (PI), **J.A. Hubbard (Co-PI)**, M. Strager (Co-PI), E. Kellner (Co-PI). Development of Wetland Water Quality Standards for West Virginia. United States Environmental Protection Agency, Wetland Program Development Grant, Project Number: EPA-R3-WPDG-18-19, \$881,009.00. (Shared Credit – 25%)
- 8) 9/2018 – 8/2020: Govindan, M. (PI), L.M. Lagana Jones (Co-PI), D. Singh-Knights (Co-PI), G. Wood (Co-PI), E. Southern (Co-PI), C. Martel (Co-PI), **J. Hubbard** (Collaborator). The CHIP Project: Developing and implementing food safety education and outreach for Commercial-Kitchens, Home-Kitchens, Incubator-Kitchens and Food Producers in West Virginia. USDA-National Institute of Food and Agriculture, Food Safety Outreach Competitive Grants Program, Grant/Contract No.: 2018-70020-28872, \$148,462. (JH Credit – 10%)
- 9) 9/2018 – 8/2021: Neeman, H. (PI), A. McGovern (Co-PI), H. Severini (Co-PI), L. Bartley (Co-PI), K. Dresback (Co-PI), **J.A. Hubbard** (Collaborator, West Virginia University), and others. National Science Foundation (NSF) Office of Advanced Cyberinfrastructure (OAC), \$967,755.00 (Shared Credit: 1%).
- 10) 9/2018 – 9/2019: Wilson, M.E. (PI), B.J. Meade (Co-PI), L.M. Parenti (Co-PI), R.C. Burns (Co-PI), **J. Hubbard** (Collaborator). Support for the Hearts of Gold Service Dog Training Program to Train Service Dogs for Veterans. Uniformed Services University, Wounded Warrior Service Dog Program, Grant/Contract No.: HU00011810060, \$280,751. (JH Credit – 10%)
- 11) 1/2018 – 8/2022: Kinder, P (PI), **J.A. Hubbard**, M. Wilson. NRAC 437 – Davis College Cooperative Agreement, Natural Resources Conservation Service, \$1,022,727.00 (shared credit 20%), sub-award \$208,560.00 (100% Credit).
- 12) 3/2018: **J.A. Hubbard** (PI). Dan and Betsy Brown Speaker fund (WVU Internal), \$3,500 (Shared Credit: 100%).
- 13) 11/2017 – 11/2022: Skousen, J. (PI), L. McDonald, **J.A. Hubbard**. Liming as a Practice for Forest Management and Soil Quality Improvement. USDA – Forest Service, \$177,986.50 (Shared Credit: 33%)
- 14) 10/2017 – 10/2022: Karraker, K. (PI), **J.A. Hubbard**, S. Spolaor, A. Berrebi, G. Stewart, S. Hodder, X. Liu. Increasing the Number, Quality, and Diversity of STEM Doctoral Students at WVU. West Virginia Higher Education Program Commission, \$1,152,000 (Shared Credit: 5%)
- 15) 10/2017 – 10/2022: **Hubbard, J.A.** Natural Resources Conservation Service. To support NRCS by Providing Expert Scientific and Technical Advice Related to Reducing Non-Point Source Loading of Nutrients and Sediment to the Waters of the Chesapeake Bay Watershed, \$750,000 (Shared Credit: 100%).

- 16) 8/2018 – 7/2019: **Hubbart, J.A.** Sub-Award in: Gravitational Wave Astronomy and the Appalachian Freshwater Initiative (Waves of the Future: Capacity Building for the Rising Tide of STEM in West Virginia (EPSCoR). National Science Foundation, EPSCoR \$209,554 (Shared Credit: 100%)
- 17) 8/2017 – 7/2018: **Hubbart, J.A.** Sub-Award in: Gravitational Wave Astronomy and the Appalachian Freshwater Initiative (Waves of the Future: Capacity Building for the Rising Tide of STEM in West Virginia (EPSCoR). National Science Foundation, EPSCoR \$174,882 (Shared Credit: 100%)
- 18) 11/2016 – 11/2017: **Hubbart, J.A.** The Dunn Foundation. \$3000.00 (Shared Credit: 100%)
- 19) 08/2016 – 09/2020: **Hubbart, J.A.** Technical Director: Appalachian Freshwater Initiative (AFI). Sub-Award in: Gravitational Wave Astronomy and the Appalachian Freshwater Initiative (Waves of the Future: Capacity Building for the Rising Tide of STEM in West Virginia (EPSCoR). National Science Foundation, EPSCoR grant, \$20 Million. AFI Sub-Award \$10.2 Million.
- 20) 09/2015: **Hubbart, J.A.** Investigating Environmental Flows of Mixed-Land-Use Watersheds in Missouri. A Collaborative Adaptive Management Project Funded by the University of Missouri, City of Columbia, and Boone County \$200,000.00 (Shared Credit – 100%).
- 21) 05/2015: **Hubbart, J.A.** National Atmospheric Deposition Program. United States Geological Survey. \$39,938 (Shared Credit – 100%).
- 22) 03/2015: **Hubbart, J.A.** The Missouri Ozark Ameriflux Project. UT-Battelle, Oak Ridge National Laboratory and the U.S. Department of Energy. Annual Subcontract Modification 19, \$113,373 (Shared Credit – 100%)
- 23) 09/2014: **Hubbart, J.A.** Understanding Precipitation Heterogeneity in Mixed-Land-Use Watersheds. *Sub-Award in:* The Missouri Transect: Climate, Plants, and Community. National Science Foundation, EPSCoR grant, \$20 Million. \$317,371.00 (Shared Credit – 100%).
- 24) 07/2014: **Hubbart, J.A.** University of Missouri Stormwater Quality Monitoring Program. Funded by the University of Missouri Campus Facilities, \$26,000.00. (Shared Credit – 100%).
- 25) 06/2014: **Hubbart, J.A.** Combined Flow and Suspended Sediment analyses in Hinkson Creek, Central Missouri, USA. A Collaborative Adaptive Management project, funded by Boone County, the City of Columbia, and the University of Missouri, \$280,358.00 (Shared Credit – 100%).
- 26) 06/2014: **Hubbart, J.A.** The Missouri Ozark Ameriflux Project. UT-Battelle, Oak Ridge National Laboratory and the U.S. Department of Energy. \$160,000 (Shared Credit – 100%)
- 27) 04/2014: **Hubbart, J.A.**, and J. Burken. University of Missouri Academic Affairs, Inter-Campus Course Sharing Grant, \$8000.00. (Shared Credit – 50%)
- 28) 04/2014: **Hubbart, J.A.** College of Agriculture, Food and Natural Resources, CAFNR International Programs International Travel Grant, \$3000.00. (Shared Credit – 100%).
- 29) 03/2014: **Hubbart, J.A.** University of Missouri, Student Fee Capital Improvement Grant: A Utility Task Vehicle for the Baskett Wildlife Recreation and Education Center, \$20,000.00. (Shared Credit – 100%).
- 30) 02/2014: **Hubbart, J.A.** International Research and Teaching Travel Grant. MU School of Natural Resources, Department of Forestry Research Incentive Funding, \$2500.00. (Shared Credit – 100%).
- 31) 01/2014: **Hubbart, J.A.** National Atmospheric Deposition Program (NADP) grant update for monitoring of collection station number M005 and M003, \$7989.00. (Shared Credit – 100%).
- 32) 01/2014: **Hubbart, J.A.** Enhancing Water Security with an MU Interdisciplinary Water Resources Network: The CAFNR Center for Watershed Management and Water Quality. Mizzou Advantage Faculty Development Award, \$1500.00. (Shared Credit – 100%).
- 33) 03/2013: **Hubbart, J.A.** Increase in Water Quality through the Study of Longitudinal Variations in Physical Habitat. A Collaborative Adaptive Management project, funded by Boone County, the City of Columbia, and the University of Missouri, \$66,000. (Shared Credit – 100%).
- 34) 02/2013: **Hubbart, J.A.** University of Missouri Stormwater Quality Monitoring Program. Funded by the University of Missouri Campus Facilities, \$65,604.80. (Shared Credit – 100%).
- 35) 10/2012: McCann, L., B. Broz, B. Allen, **J.A. Hubbart**, S. Anderson, and K. Shannon. Factors Affecting Adoption of Nutrient Management Practices by Farmers and Homeowners. National

- Integrated Water Quality Program, National Institute of Food and Agriculture (NIFA) Grant, \$414,000. (Shared Credit – 17%).
- 36) 06/2012: Fox, N., **J.A. Hubbart**, A. Thompson, and M. Urban. Linkages Between Rainfall, Runoff and Sediment Transport. Mizzou Advantage Undergraduate Research Team, \$3690. (Shared Credit – 25%).
- 37) 06/2012: Ikem, A., and **J.A. Hubbart**. Groundwater Flux of Nitrogen, Phosphorus and Organic Carbon Concentrations in a Hinkson Creek Floodplain: Geochemistry of Forest and Agricultural Microcosms. United States Department of Agriculture, National Institute of Food and Agriculture, Evans-Allen, \$316,500. (Shared Credit – 50%)
- 38) 04/2012: Stephan, K, and **J.A. Hubbart**. Improving Quantitative Understanding of Urban Forest Carbon Sequestration and Climate Mitigation. USDA, National Institute of Food and Agriculture, McIntire-Stennis. \$140,000 (Shared Credit – 50%)
- 39) 08/2011: He, H., **J.A. Hubbart**, and J. Schulz. A Coupled Predictive Model to Characterize Effects of Urban Sprawl on Water Regimes and Diffuse Pollution in Multi-Use Urban Watersheds, Missouri Department of Conservation, \$103,262. (Shared Credit – 50%)
- 40) 03/2011: Stelzer, H., Kitchen, N., and **Hubbart, J.A.** Sustainability of a Short-Rotation Woody Biofuel System Compared to Grass Biofuel and Grain Cropping Systems, USDA North Central Region, Sustainable Agriculture, Research and Education Grant, \$198,321. (Shared Credit – 33%)
- 41) 03/2010: **Hubbart, J.A.** Quantifying Hydrologic Processes in a Central U.S. Prairie Ecosystem Undergoing Active Restoration. Prairie Fork Conservation Trust, Missouri Department of Conservation, \$20,000. (Shared Credit – 100%)
- 42) 05/2010: Jose, S., F. Aguilar, L. Godsey, M. Gold, **J.A. Hubbart**, D. Larsen, R. Miles, P. Motavalli and R. Udawatta. Developing an Interdisciplinary Online Graduate Program in Agroforestry. University of Missouri, grant to develop on-line courses. \$20,000. (Shared Credit – 9%)
- 43) 04/2010: **Hubbart, J.A.** Quantifying Hydrologic Processes in a Central U.S. Prairie Ecosystem Undergoing Active Restoration. Prairie Fork Conservation Trust, Missouri Department of Conservation, \$25,000. (Shared Credit – 100%)
- 44) 01/2010: **Hubbart, J.A.** In-Stream Sediment Partitioning: Investigating Diffuse Overland and Hydrogeomorphological Erosion Contributions to Suspended Sediment and Water Quality. Agricultural Research Service, University of Missouri School of Natural Resources, Center for Agroforestry, and Agricultural Research Service, \$47,695. (Shared Credit – 100%)
- 45) 08/2009: **Hubbart, J.A.** Characterizing Floodplain Hydrogeomorphology of an Urban Stream in Support of Restoration of Bottomland Hardwood Forests. United States Environmental Protection Agency, Wetland Program Development Grant, Project Number: EPA-R7-WWPD-09-002, \$319,911. (Shared Credit – 100%)
- 46) 08/2009: Muzika, R-M., F. Aguilar, **J.A. Hubbart**, D. Larson, B. Cutter, R. Guyette, H.E. Stelzer, and C-H. Lin. Integrating Disciplinary Diversity in Graduate Students for Forest Resource Management Decision Support. 2009 CSREES, U.S. Department of Agriculture, Food and Agricultural Sciences National Needs Graduate and Postgraduate Fellowships Grants Program, \$245,000. (Shared Credit – 12.5%)
- 47) 06/2009: Motavalli, P., **J.A. Hubbart**, P. Guinan, J. Jones, K. Goynes, C. Tanner, R. Oberneufemann, E. Tewes, T. Stokely. Innovative Methods to Enhance Student Experiential Learning on Water Quality Monitoring in a Campus Environment. Water Quality: University of Missouri, Interdisciplinary Innovation Grant, \$25,000. (Shared Credit – 25%)
- 48) 07/2009: **Hubbart, J.A.** and J. Schulz. Hinkson Creek Watershed: Understanding Hydrologic Processes and Diffuse Nutrients in a Large Multi-Use Urban Watershed. Missouri Department of Conservation, Community Conservation Initiative Grant, \$459,316. (Shared Credit – 100%)
- 49) 04/2009: **Hubbart, J.A.** Quantifying Hydrologic Processes in a Central U.S. Prairie Ecosystem Undergoing Active Restoration, Prairie Fork Conservation Trust, Missouri Department of Conservation, \$21,600. (Shared Credit – 100%)

- 50) 01/2009: **Hubbart, J.A.** Quantifying Hydrologic Processes in a Central U.S. Prairie Ecosystem Undergoing Active Restoration, Prairie Fork Conservation Area, Missouri Department of Conservation, \$14,000. (Shared Credit – 100%)
- 51) 08/2008: **Hubbart, J.A.** Evaluating the Role of Riparian Buffers in Modulating Stream Temperature and Nutrient Fluctuation. United States Environmental Protection Agency, Wetland Program Development Grant, Project Number: EPA-R7-WWPD-08-004, \$560,000. (Shared Credit – 100%)
- 52) 06/2008: **Hubbart, J.A.** Hinkson Creek Watershed: Monitoring Hydrology and Diffuse Pollution in an Urban Environment. Missouri Department of Natural Resources, Project Number: G08-NPS-17, \$634,000. (Shared Credit – 100%)
- 53) 04/2008: **Hubbart, J.A.** The Impact of Cold Air Drainage on Hydrologic Processes in Central Missouri. Richard Wallace Research Incentive Grant Award, \$3,956. (Shared Credit – 100%)
- 54) 04/2008: **Hubbart, J.A.** University of Missouri, School of Natural Resources mini-grant for development of distance education courses, \$5,000. (Shared Credit – 100%)
- 55) 03/2008: **Hubbart, J.A.** Quantifying Hydrologic Processes in a Central U.S. Prairie Ecosystem Undergoing Active Restoration, Missouri Department of Conservation, \$12,950. (Shared Credit – 100%)
- 56) 03/2008: **Hubbart, J.A.** Forest Hydrology Field Studies (Forestry 2540), Department of Forestry Field Instruction Instrument Grant, \$24,000. (Shared Credit – 100%)
- 57) 11/2007: **Hubbart, J.A.** University of Missouri Ag Alumni Association, Alumni Board of Directors, grant, \$500. (Shared Credit – 100%)

STAFF, AND POST-DOCTORAL AND GRADUATE STUDENT ADVISING

Current Staff

- 1) Susan Hickman. Senior Research Specialist. Water Quality Laboratory Manager. West Virginia University. Institute of Water Security and Science. November 2019 to Present.
- 2) Ramsey E. Kellner, PhD. Research Assistant Professor. Chesapeake Bay Science Advisor. February 2019 to Present.
- 3) Felix Greiner, Pre-award Grants and Applications Professional: West Virginia University Institute of Water Security and Science.
- 4) Laura Tinney, Administrative Professional, Program Coordinator: West Virginia University Institute of Water Security and Science. January 2016 to Present.

Current Post-Doctoral Associates

- 1) Sean Zeiger, Ph.D., Investigating Environmental Flows of Mixed-Land-Use Watersheds in Missouri, USA. Fully funded position: October 2016 – December 2019.
- 2) Kaylan Gootman, Ph.D., Shallow groundwater dynamics of West Virginia and the Appalachian Region. Fully funded position: August 2019 – July 2021.

Current Graduate Students

- 1) Fritz Petersen, Ph.D. Student. Plant and Soil Sciences. Emphasis: Water Resources. Measuring and Modeling Biogeochemical Transport in a Mixed-Land-Use Appalachian Watershed. Division of Plant and Soil Sciences. Davis College of Agriculture, Natural Resources and Design, West Virginia University, USA. Matriculation January 2018, anticipated graduation, May 2020.
- 2) Zachary Heck, M.S. Student. Forestry and Natural Resources. Measuring Streambed Sediment in a Mixed-Land-Use Watershed of Appalachia. Davis College of Agriculture, Natural Resources and Design, West Virginia University, USA. Matriculation, August 2018. Anticipated Graduation, August 2020.
- 3) Jason Horne, M.S. Student. Environmental, Soil, and Water Sciences. Water Quality. Division of Plant and Soil Sciences. Davis College of Agriculture, Natural Resources and Design, West Virginia University, USA. Matriculation, January 2019. Anticipated Graduation, August 2020.

- 4) Amanda Marques, PhD Student. Environmental, Soil, and Water Sciences. Water Quality. Division of Plant and Soil Sciences. Davis College of Agriculture, Natural Resources and Design, West Virginia University, USA. Matriculation, June 2020. Anticipated Graduation, May 2024.

Former Graduate Students and Post-Doctoral Associates (Advisor)

- 1) Parameshwor Takhachhe. December 2019. M.S. Student. Environmental, Soil, and Water Sciences. Measuring and Modeling Hydrologic Processes in a Mixed-Land-Use Appalachian Watershed. Division of Plant and Soil Sciences. Davis College of Agriculture, Natural Resources and Design, West Virginia University, USA.
- 2) Evan Kutta, Ph.D. Post-Doctoral Research Associate. Investigating Climate change in the Northeastern United States. Fully funded position: June 2017 – June 2019.
- 3) Rivkah Nisan. May 2019. M.S. Environmental, Soil, and Water Sciences. Non-Thesis. Division of Plant and Soil Sciences. Davis College of Agriculture, Natural Resources and Design, West Virginia University, USA.
- 4) Ramsey E. Kellner, Ph.D. Post-Doctoral Research Associate. Combined Flow and Suspended Sediment analyses in Hinkson Creek, Central Missouri, USA. Fully funded position: January 2016 – February 2019.
- 5) Fritz Petersen. December 2018. M.S. Environmental, Soil, and Water Sciences. Investigating Escherichia Coli in a Mixed Land-Use Watershed in West Virginia, USA. West Virginia University, USA.
- 6) Evan Kutta. May 2017. Ph.D. The Horizontal Redistribution of Anomalous Vertical Heat Fluxes at Tropical Latitudes. Matriculated January 2015, graduation, May 2017. University of Missouri, Missouri, USA.
- 7) Michael Sunde, Ph.D., Forestry. Effects of Urbanization on Runoff and Water Quality in a Multi-Use Urban Watershed. Co-Advised with Dr. Hong He. Matriculated January 2012, graduation, December 2016. University of Missouri, Missouri, USA.
- 8) Sean Zeiger, Ph.D., Water Resources. Measuring and Modeling Nutrients and Suspended Sediment Loading in a Multi-Use Watershed of the Central USA. Matriculated August 2014, graduation July 2016. University of Missouri, Missouri, USA.
- 9) Soumaila Gadji, M.S., Water Resources. Measuring and Modeling Suspended Sediment Concentration in the Developed Environment. Matriculated August 2014, graduation, July 2016. University of Missouri, Missouri, USA.
- 10) Elizabeth Spiegel, M.S., Natural Resources, Water Resources. Estimating Above and Below Ground Vegetation Biomass and Carbon Storage across an Intra-Urban Land-Use Gradient in Mid-Missouri. Matriculated August 2014, graduation December 2015. University of Missouri, Missouri, USA.
- 11) Katlin Beaven. M.S., Natural Resources, Forestry. Thesis: Investigating Soil Carbon, Nitrogen, and Respiration across an Intra-Urban Gradient in Mid-Missouri. Matriculated January 2014, graduation December 2015. University of Missouri, Missouri, USA.
- 12) Gregory Hosmer. M.S., Natural Resources, Water Resources. Reconstructing Prairie/Savanna in the Ozark Border Natural Division of Missouri, United States. Matriculated January 2014, graduation December 2015. University of Missouri, Missouri, USA.
- 13) Ramsey E. Kellner, Ph.D., Water Resources. The Long-Term Impacts of Forest Removal on Floodplain Subsurface Hydrology. Matriculated August 2013, graduation December 2015. University of Missouri, Missouri, USA.
- 14) Lynne Hooper, M.S., Natural Resources, Water Resources. A Stream Physical Habitat Assessment in an Urbanizing Watershed of the Central U.S.A. Matriculated January 2013, graduation July 2015. University of Missouri, Missouri, USA.
- 15) Mathew A. Struckhoff, M.S., Natural Resources, Forestry Emphasis. The Land Capability Potential Index: A Decision Support Tool for the Management of Missouri River Floodplain Habitat. Matriculated January 2010, graduation, May 2015. University of Missouri, Missouri, USA.

- 16) Sean Zeiger, M.S. Natural Resources, Forestry Emphasis. Investigating Water and Air Temperature Relationships in a Multi-Use Urbanizing Watershed of the Central U.S. Matriculated August 2011, graduation, May 2013. University of Missouri, Missouri, USA.
- 17) Evan Kutta, M.S. Natural Resources, Water Resources Emphasis. Quantifying Microclimate Heterogeneity within a Contemporary Plant Growth Facility. Matriculated May, 2012, graduation December 2013. University of Missouri, Missouri, USA.
- 18) Keith Brown, M.S. Natural Resources, Water Resources Emphasis. Quantifying Bottomland Hardwood Forest and Agricultural Grassland Evapotranspiration in Floodplain Reaches of a Mid Missouri Stream. Matriculated May 2011, graduation, December 2013. University of Missouri, Missouri, USA.
- 19) Ramsey E. Kellner, M.S. Forestry. Quantifying Urban Stormwater Suspended Sediment Particle Size Class Distribution in the Central U.S. Matriculated January 2012, graduation May 2013. University of Missouri, Missouri, USA.
- 20) Pennan Chinnasamy, Ph.D. Student Forestry. Quantifying HydroBiogeochemical Flux between an Intermittent Mid-Missouri Stream and a Forested Wetland/Floodplain. Matriculated August 2009, graduation December 2012. University of Missouri, Missouri, USA.
- 21) John R. Nichols, M.S. Forestry. Land Use Impacts on Aquatic Invertebrate Assemblages in a Dynamic Urbanizing Watershed of the Central U.S. Matriculated January 2011, graduation, December 2012. University of Missouri, Missouri, USA.
- 22) Dandan Huang, M.S., Forestry. Quantifying Floodplain Stream Bank Erosion and Deposition Rates in a Central U.S. Urban Watershed. Graduated May 2012. Recipient: 2011 University of Missouri, Graduate Student of the Year Award. University of Missouri, Missouri, USA.
- 23) Chris C. Zell, M.A., Natural Resources. Land-Use Effects on Water Resources and Water Quality in an Urbanizing Watershed of the Mid-West. Graduated May 2012. University of Missouri, Missouri, USA.
- 24) Edward A. Bulliner, M.S., Forestry. Advisor. University of Missouri. Quantifying Riparian Canopy Energy Attenuation and Stream Temperature Using an Energy Balance Approach. Graduated, May 2011. Recipient: 2010 AGU Outstanding Student Paper Award. University of Missouri, Missouri, USA.
- 25) Dan P. Scollan, M.S., Forestry, University of Forestry. A Multi-Configuration Evaluation of the Soil and Water Assessment Tool (SWAT) in a Mixed-Use Watershed in the Central U.S.A. Graduated, May 2011. University of Missouri, Missouri, USA.
- 26) Graham W. Freeman, M.S., Forestry, University of Missouri. Quantifying Suspended Sediment Loading in a Mid-Missouri Urban Watershed Using Laser Particle Diffraction. Graduated, May 2011. University of Missouri, Missouri, USA.
- 27) Thomas A. Smith, M.S. Soils, Environmental and Atmospheric Sciences, University of Missouri. Evaluation of Development Impacts in Urban Environments and Improving Practices through Community Understanding. Graduated, May 2011. University of Missouri, Missouri, USA.

GRADUATE STUDENT COMMITTEES

Current Graduate Student Committees

- 1) D. Jesse Carpinello, PhD. Student. Department of Geology and Geography. Sea Level Rise and Salt Water Intrusion Processes. Advisor: Dr. Chris Russoniello. Matriculation, August 2019, anticipated graduation, May 2023.
- 2) Elizabeth Matejczyk, M.S. Student. Department of Biology. Soil Microbial Populations: Nitrogen and Vegetative Species Dynamics. Advisor: Dr. Jonathan Cumming. Matriculation, August 2019, anticipated graduation, May 2021.
- 3) Joellen Stivala, M.S. Student. Forest Management. Division of Forestry and Natural Resources. Macro-Invertebrate Communities of a Contemporary Appalachian Watershed. Advisor: Dr. Kirsten Stephan. Matriculation August 2019, anticipated graduation, May 2021.

- 4) Darien Lozon, M.S. Student. Wildlife and Fisheries Resources. Turtles of West Virginia: Effects of landscape and management practices on freshwater turtle occupancy, wetland connectivity, and heavy metal accumulation. Advisor: Dr. Jim Anderson. Matriculation January 2018, anticipated graduation, December 2020.

PROFESSIONAL SERVICE

West Virginia University, Davis College of Agriculture, Natural Resources and Design

- 08/2019 – 07/2020 Chair: WVU Davis College of Agriculture, Natural Resources and Design, Promotion and Tenure Committee.
- 08/2019 – 07/2020 WVU Davis College of Agriculture, Natural Resources and Design, Promotion and Tenure Committee.
- 01/17/2019 Workshop: A WVU+kc Proposal Submission Workshop for the Davis College of Agriculture, Natural Resources and Design. Organized and Sponsored by the Institute of Water Security and Science.
- 09/2018 – 04/2019 Search Committee Member: Hydro-Geoscientist (tenure-track). West Virginia University, Eberly College of Arts and Sciences, Department of Geology and Geography.
- 09/2018 – 03/2019 Directed strategic planning for the Davis College of Agriculture, Natural Resources and Design, Office of Statistics to devise a multi-approach to future support and growth in the College. Successful endeavor, completed, March 2019.
- 11/2017 – 04/2019 West Virginia University Institutional liaison for civil rights and limited English proficiency. USDA National Institute of Food and Agriculture, Northeastern Regional Association of State Agricultural Experiment Station Directors.
- 11/2017 – 04/2019 Davis College Graduate Council. Serving in Capacity as Research Associate Dean to Advance the Mission of the Graduate Programs in the College.
- 08/2017 – 04/2019 Davis College representative / liaison to the Committee for International Affairs (CIA), West Virginia University Office of Global Affairs.
- 08/2017 – 04/2019 Associate Dean of Research, Davis College of Agriculture, Natural Resources and Design, West Virginia University, Morgantown, West Virginia, USA.
- 08/2017 – 04/2019 Member Representative: Northeastern Regional Association of the State Agricultural Experiment Station Directors (NERA). Davis College of Agriculture, Natural Resources and Design.
- 04/2018 – 04/2018 Poster and Oral Session Judge. 22nd Annual Davis College Graduate Student Research and Creative Scholarship Day. Davis College of Agriculture, Natural Resources and Design, Morgantown, West Virginia, USA.
- 08/2017 – Present Member Representative: Association of Public and Land-Grant Universities. Davis College of Agriculture, Natural Resources and Design.
- 04/04/2017 Poster and Oral Session Judge. 21st Annual Davis College Graduate Student Research and Creative Scholarship Day. Davis College of Agriculture, Natural Resources and Design, Morgantown, West Virginia, USA.
- 02/2017 – Present Curriculum Committee: Masters of Science in Energy Environments, Division of Resource Economics and Management. Davis College of Agriculture, Natural Resources and Design, Morgantown, West Virginia, USA.
- 01/2017 - Present Curriculum Committee: Environmental, Soil, and Water Sciences: Division of Plant and Soil Sciences, Davis College of Agriculture, Natural Resources and Design, West Virginia University, Morgantown, West Virginia, USA.
- 01/2016 – Present Davis College of Agriculture, Natural Resources and Design, Curriculum Committee, Division of Forestry and Natural Resources, Forest Management Program.

- 01/2016 – Present Gubernatorial appointed WVU representative to the Chesapeake Bay Scientific and Technical Advisory Committee (STAC).
- 06/2016 – Present West Virginia University liaison and ambassador to LaSalle University, France.
- 08/2016 – 07/2017 WVU Davis College of Agriculture, Natural Resources and Design, Promotion and Tenure Committee.

West Virginia University

- 12/2018 West Virginia Public Education Collaborative, Legislators’ Forum on Education and the Economy – Kickoff Dinner, Morgantown Waterfront Marriott, December 3rd, 2018. Morgantown, USA.
- 01/2018 – Present Committee Member: West Virginia University, Shared Research Facilities Council. West Virginia University, Research Corporation.
- 08/2017 – 4/2019 West Virginia University, Davis College representative / liaison to the Committee for International Affairs (CIA), West Virginia University Office of Global Affairs.
- 08/2017 – Present West Run Watershed Project Team. West Virginia University, Institute of Water Security and Science, Interdisciplinary Hydrology Laboratory, Scientific Lead. West Run Watershed Restoration Program.
- 06/2017 – Present West Virginia University Provost’s Council. Strategic Programming Council for the Provost.
- 12-15-2016 Transition team member on West Virginia Infrastructure for Governor elect Jim Justice.
- 09/2016 – Present West Virginia University Representative to the Consortium of Universities for the Advancement of Hydrologic Sciences, Inc (CUAHSI).
- 01/2016 – Present Director: Institute of Water Security and Science, West Virginia University, Morgantown, West Virginia, USA.
- 04/2016 – STAC Gubernatorial appointed WVU representative to the Chesapeake Bay Scientific and Technical Advisory Committee (STAC)

West Virginia

- 04/2018 – Present Executive Board Member: Chesapeake Bay Scientific and Technical Advisory Committee (STAC)
- 08/2017 – Present State Technical Science Lead, West Virginia Program to Established Program to Stimulate Competitive Research. Lead for West Virginia University, West Virginia State University and Marshall University, working with the WV Higher Education Program Commission.
- 09/2016 – Present State Liaison/representative, Consortium of Universities for the Advancement of Hydrologic Science, Inc., 196 Boston Ave., Suite 3000, Medford MA 02155
- 07/2016 – Present Member West Virginia State Technical Committee
- 04/2016 – Present WVU representative to the Chesapeake Bay Scientific and Technical Advisory Committee (STAC)

North-Eastern United States

- 08/2017 – 4/2019 Northeastern Regional Association of State Agricultural Experiment Station Directors (NERA). West Virginia University Representative in role as Associate Dean of Research and Associate Director: West Virginia Agricultural and Forestry Experiment Station.

National (United States)

- 08/2017 – Present Association of Public and Land-Grant Universities. West Virginia University Representative in role as Assistant Director: West Virginia Agricultural and Forestry Experiment Station.
- 10/2014 – Present Southeastern Regional Association (SERA-46) Land Grant University (LGI) Gulf Hypoxia Multistate Regional Committee.

International

- 10/2019 – Present West Virginia University, Institute of Water Security and Science and Davis College of Agriculture, Natural Resources and Design. Director: non-governmental organization (NGO) to the Barbuda Agricultural Working Group, Island of Barbuda. The Caribbean nation of Antigua and Barbuda.
- 04/2019 – Present West Virginia University, Institute of Water Security and Science and Davis College of Agriculture, Natural Resources and Design, Ambassador to Direct Assessment of Water Resources for the Island of Barbuda. The Caribbean nation of Antigua and Barbuda.
- 06/2016 – Present Polytechnic Institute LaSalle Beauvais-Esitpa, Collaborative and Program building Liaison.
- 06/2015 – Present Belgorod University, Belgorod Russia. Collaborative and Program building Liaison.
- 06/2015 Invited Opponent for Ph.D. Dissertation defense at the Swedish University of Agricultural Sciences, Umeå, Department of Forest Ecology and Management. May 29th, 2015.

Editorial Positions

- 03/2019 – Present Guest Editor: Special Edition, Integrated Water Resources Research: Advancements in Understanding to Improve Future Sustainability. MDPI Water (IF: 2.58)
- 01/2018 - Present Editorial Board Member: Belgorod State University Scientific Bulletin. Belgorod State University, Russia.
- 08/2015 – Present Editorial Board Member: Sustainable Water Resources Management. Springer, Springer Science and Business Media Publishers.
- 01/2009 – Present Associate Editor: The Encyclopedia of Earth

Journal Article and Grant Proposal Reviewer

2019 – Total Reviews Provided in 2019 as of 11/1/2019: 19
