

MIRJANA S. BULATOVIC-DANILOVICH, PhD

Consumer Horticulture Extension Specialist & Associate Professor
State Master Gardener Program Coordinator
West Virginia University, 2088 Agricultural Sciences Building
Morgantown, WV 26506-6108

Office 304.293.2620 • Cell 231.740.4083
mira.danilovich@mail.wvu.edu

SUMMARY OF EXPERIENCE

Brings more than two decades of international and domestic experience working with grower groups, businesses, government officials, and agencies, while providing timely and critical education through a variety of global symposiums, congresses, and speaking engagements. Balances 20+ years as an extension educator with 11+ years working with developing countries. Specialized experience in horticulture/commercial orchard production management and consumer horticulture; recognized as a problem solver and hands-on leader with a big-picture focus in history of driving significant improvements across the growing industry. Drives image and trust using a palette of communication strategies to produce category leading interest and awareness. Culturally astute, with the ability to work with all levels of professionals from diverse cultures. Fluent in Serbo-Croatian.

CORE PROFICIENCIES

Integrated Crop Management Systems (ICM-IPM) • Stone, Pome Fruit and Tree Nuts (Plum, Peach, Cherry, Apple, Pear, Chestnuts etc.) Varieties and Rootstocks • Pruning for Canopy and Crop Management/Growing Systems • Plant Growth Regulators • Determining Optimum Apple Harvest Timing • Consumer Horticulture (Landscape Evaluation & Plant Health Protection)

EMPLOYMENT HISTORY

**West Virginia University Extension and Davis College of Agriculture, Natural Resources and Design,
Morgantown, WV**

6/2013 - Present

EXTENSION CONSUMER HORTICULTURE SPECIALIST & ASSOCIATE PROFESSOR, STATE MASTER GARDENER COORDINATOR

Provides leadership in the development, implementation and evaluation of statewide teaching, research and public service programs focusing on consumer horticulture. Insures dissemination of a research-based information and expert knowledge to the critical needs, concerns and opportunities of the small farms operators, Master Gardeners, horticulture service providers (WV Nursery and Landscape Association), homeowners and horticulture enthusiasts. Serve as a statewide coordinator for the WV Master Gardener Program. Provides statewide leadership and training for county coordinators in managing the WVU Master Gardener Volunteers. Looking for new opportunities in securing additional funds through grants as co-investigator and/or principal investigator on research projects. Provides assistance with establishment of new county programs, provides information and consultation to establish programs and maintain reporting and evaluation for Master Gardener groups. Maintains close working relationship with the West Virginia Extension Master Gardener Association Board of Directors by insuring assistance in Association's business operations and conduct according to the West Virginia University policies.

Independent Consulting, Detroit, MI

10/2011 – 6/2013

SENIOR CONSULTANT – HORTICULTURAL PRODUCTION

Michigan State University Extension, Scottville, MI

1/1992 – 10/2011

DISTRICT HORTICULTURE AND MARKETING EDUCATOR, WESTCENTRAL MICHIGAN

1/1992 – 10/2011

Ensures the effectiveness of the statewide information and education delivery network applying university level, research-based knowledge to local horticultural issues. Conducts extensive research to identify needs, establish priorities, and develop educational programs that align with the organization's vision and goals. Directs the dissemination of expert knowledge and information to the critical issues, needs, and opportunities of the county's residents and visitors. Establishes strong strategic relationships with key stakeholders including county/state agencies, elected/appointed officials, and other groups to promote extension services. Serves as Lead Educator and Tree Fruit/Nuts Extension Educator for the county, with statewide oversight of stone fruit and chestnuts; facilitates educational programs focusing on IPM-ICM systems, varieties and rootstocks, plant propagation (grafting), pruning for canopy and crop management, irrigation, nutrient management, plant growth regulators, and harvesting.

Key highlights

- Analyzed the comprehensive needs of the fruit industry and growers, developing highly effective educational programs that improved environmental stewardship, expanded IPM implementation, reduced development of pesticide resistance, improved insect/disease management strategies, decreased pesticide use/spray drift, and minimized herbicide leaching potential.
- Leveraged in-depth knowledge of educational and informational technology for the timely development and delivery of programs, research projects, and articles/publications.
- Demonstrated expertise in fostering and maintaining partnerships with internal stakeholders; local/international external agencies including the Mason County Administrator, County Board of Commissioners, and City of Scottsville Mayor; and fruit industry commodity groups such as the Plum Advisory Board, Mason County Fruit Packers, and Chestnut Industry.
- Facilitated in--season fruit production management twilight meetings, giving local growers a forum for group discussion and information exchange with the Extension Office.
- Delivered formal support to chestnut growers across the state, providing outreach including addressing pollination requirements, establishing ICM---IPM guidelines, and identifying best---suited growing systems and training/pruning practices.
- Developed the fruit production---related program for the Annual Regional Spring Horticulture Meeting, the major educational program offered to growers in the West Central District.
- Key member of the program committee facilitating the chestnut and peach and plum sessions at the Great Lakes Fruit, Vegetable, and Farm Market Expo in Grand Rapids, one of the largest of its kind with 4,000 attendees from 41 countries and 10 Canadian provinces.
- Secured additional funds through grants as collaborator or principal investigator on research projects.

INTERIM COUNTY EXTENSION DIRECTOR/DISTRICT EXTENSION EDUCAROR

2008 - 2011

Selected in this interim position to lead a diverse and high---functioning staff in the strategic delivery of quality educational programs and services. Expertly managed all administrative activities including budgeting, staff, programming, daily operations, and internal/external collaborations. Delivered broad support to educational programming in areas of value across the county; engaged staff as well as diverse audiences.

Key highlights

- Laid a foundation of open, effective communication and positive policy administration to maintain optimal employee relations and staff productivity.
- Built on a reputation for sound fiscal management and conservative spending to secure approval for proposed budgets with a 10% increase annually.
- Improved the responsiveness of the Extension Office by attending every Board of Commissioners meeting to measure feedback on the operations in the county.
- Demonstrated expertise in fostering and maintaining partnerships with stakeholders; local/international external agencies including the Mason County Administrator, County Board of Commissioners, Regional and State Legislature, County Health Department, Extension Council Members, fruit industry commodity groups and professional organizations to provide high visibility of MSU Extension programs.
- Supported organizational developmental goals by explaining and seeking support for the MSU Extension restructuring process.
- Provided periodic updates to the staff on the state of budget giving the County supported staff flexibility in program and/or professional development planning.
- Created an environment of improved performance by upgrading the office equipment with three new computers, two printers, new software, and a backup system.

USDA/DAI/USAID/F2F – Guatemala

2016

USDA/DAI/USAID – Serbia Agribusiness Project

2008 – 2010

USDA/DAI/USAID – Serbia Enterprise Development Project

2006 – 2007

CONSULTANT

Delivered critical technical assistance in commercial horticultural production to a developing country. Facilitated seminars for farm owners/operators/managers, chemical distribution representatives, and private ICM/IPM service providers on intensive Fruit Production Systems.

EDDITIONAL EXPERIENCE

Tree and Shrub Division Manager, ChemLawn Services Corporation, Taylor, MI (1986 – 1992)

Managing three business lines. Overseeing sales and service in landscape insect and disease protection, pruning and landscape design and installation responsible for 4,000-customer base generating more than \$1 million in annual revenue. Managing up to 25 employees.

Research Associate/Extension Horticulture Agent, Institute for Science Application in Agriculture, Belgrade, Yugoslavia (1979 – 1981)

- Directly involved as a visiting consultant in maintaining and improving production technology in the commercial fruit orchards and nurseries. Responsible for issuing certificates of authenticity for the varieties propagated and produced in the nurseries.
- Institute provided research, extension, and consulting service for Eastern Yugoslavia.

Research Associate, Fruit Research Institute, Cacak, Yugoslavia (1974 – 1979) – 70% Research

- Worked on research projects in Pomology and Fruit Breeding on plums, pears, sweet and sour cherries, quince and strawberries.

- One of the major fruit research institution in the country, well known for the meaningful contributions particularly in new variety development (plums, apples, sweet and sour cherries, pears, apples, walnuts, strawberries, raspberries) and orchard floor management and PPV (Sharka) research

Assistant Professor/Teaching Assistant/Instructor, Faculty of Agronomy, University Svetozar Markovic, Kragujevac, Cacak, Yugoslavia (1976 – 1979)

Responsible for practical and lab work/teaching with students in undergraduate course in Fruit Science – 30% teaching

Fruit Research Institute, Researcher/Research Associate, Department of Pomology and Plant Breeding & Genetics, Cacak, Serbia, Oct 1974 – Nov 1979

70% Research:

- Worked on research projects in Pomology and Fruit Breeding on plums, pears, sweet and sour cherries, quince and strawberries.
- One of the major fruit research institution in the country, well known for the meaningful contributions particularly in new variety development (plums, apples, sweet and sour cherries, pears, apples, walnuts, strawberries, raspberries) and orchard floor management and PPV (Sharka) research

EDUCATION

PhD, Pomology, University of Ljubljana, Slovenia (Yugoslavia)

Thesis: Comparative Studies of Agro-biological/biochemical Characteristics and Pomological Properties in Prune cv. Ruth Gerstatter and Pozegaca.

Research Associate, Pollen Incompatibility in Sweet Cherries, Michigan State University, East Lansing, MI

MSc, Pomology, University of Belgrade, Yugoslavia

Thesis: Evaluating the Growth Dynamic and Fruit Quality in Prune cvs. Ruth Gerstatter and Pozegaca.

Specialization in Irrigation, Istituto Agronomico Mediterraneo (Institute for Advanced Agronomic Studies in Mediterranean Region), Bari, Italy

Thesis: Comparative Study Between Overhead Sprinkler Irrigation System and Localized, Drip Irrigation Network.

BSc, Fruit & Viticulture, University of Belgrade, Yugoslavia

Thesis: Comparative Studies of Morphological Characteristics in 24 Plum Cultivars (Prunus domestica, spp.)

AWARDS RECOGNITIONS

1. NACCA Communications Awards: National Winner in a Team Newsletter Category (2017)
IPM Chronicle Newsletter
Team Members: Rakesh Chandran, Mirjana Bulatovic-Danilovich, Daniel Frank, Barbara Liedl, Sheldon Owen and M.M. Rahman
2. WVUE Award of Excellence for Unit Excellence ANR Governor's Gardening Project (2014)
3. Presidential Citation from the Michigan Association of Extension Agents (1999)
4. ChemLawn Corporation First Place Award in the Tree and Shrub Field Service Managers Proficiency Training (1990)
5. Nikola Spasic Award for BS thesis focusing on the original and important contribution to the fruit science(1974)
6. University of Belgrade Student Award – Best Student in the Class (1974)

ACTIVITIES

1. Editor, Midridge Journal of Food Technology (8/2016-Present)
2. Academic Editor, SCIENCEDOMAIN, American Journal of Experimental Agriculture (11/2014 – Present)
3. Peer Reviewer for the Check Academy of Agricultural Journals – HORTSCI (2009 – Present)
4. Hungarian Student Exchange Program Coordinator (1997 – 2010)
5. Team Member, Foreign Agricultural Service/International Cooperation and Development (USDA FAS/ICD; USAID/DAI) working on Assessing the Agricultural Extension Needs in Yugoslavia/Serbia (2002 – Present)
6. Council Member at the Institute for Science Application in Agriculture, Belgrade, Yugoslavia/Serbia (1979 – 1981)
7. Council Board Member, Fruit Research Institute, Cacak, Yugoslavia/Serbia (1974 – 1979)
8. Member, University of Belgrade, Faculty of Agriculture Student Association (1969 – 1974)

PROFESSIONAL AFFILIATIONS

1. ASHS (1982 – 1984, 1992 – Present)
2. ISHS (individual membership - 1998 – 2012)
3. International Fruit Tree Association (IFTA) (1992 - 2012)
4. Michigan Plum Advisory Board (1992 – 2011)
5. Cherry Marketing Institute
6. Oceana - Mason Counties Pomster Group (Elite Grower Association) – 1992 - 2012
7. Yugoslav Society of Agricultural Engineers and Technicians (1974 – Present)
8. Serbian Scientific Council (1975)

CONTRIBUTIONS TO INTERNATIONAL SYMPOSIUMS/CONGRESSES

1. VI International Cherry Symposium, Rñaca, Viña del Mar, Chile, Nov. 15---19, 2009
2. II Symposium “Innovations in Pome Fruit Production”, University of Belgrade, Faculty of Agriculture, Zemun-Belgrade, Feb.11---12, 2009
3. VII th. International Symposium on Plum and Prune Genetics, Breeding and Pomology, ISHS (W.G. Plums), Plovdiv, Bulgaria, 2001
4. Xth. Congress of Yugoslav Pomology, Cacak, Yugoslavia
5. Production and Preservation of Pears, ISHS (W.G. Pears), Avignon, France, 5/28---31, 1984
6. XXI st. International Horticultural Congress, Hamburg, Germany, 1982
7. VII th. International Symposium on Apricot Culture and Decline, Bucharest, Romania, 1981
8. VI th. International symposium on Apricot Culture and Decline, Yerevan, Armenia SSR, USSR, 977
9. III rd. International Symposium on Plum Genetics, Breeding and Pomology, Cacak, Yugoslavia, 1977
10. II nd. International Symposium on Pear Growing, Florence, Italy, 1976
